## UNEMPLOYED AT 'FRISCO IN RIOT

Five Men Hurt and Six Arrested Last Night, Following Row During Street Parade

### STREET MEETINGS OF UNEMPLOYED FORBIDDEN

Jobless Threaten Descent Tonight on High Class Cafes and Hotels of City

SAN FRANCISCO, Jan. 9.—The police are prepared today for serious trouble with the unemployed. The situation is tense following last night's riot at the parade of the unemployed when five men were injured and six arrested. Chief of Police White announced that no more parades will be held without permission. He then ordered Union Square closed for the meetings of the unemployed. He admitted that he does not believe these orders can be enforced without trouble. Capt. Anderson has been ordered to hold a force of thirty mounted police ready for emergency, and plain-clothes men have been detailed to mingle with the crowds.

The cases of the six leaders of the unemployed, arrested on charges of inciting to riot, were continued today by Judge Grist until Monday. The delay was granted when representatives of the district attorney's office asserted that the unemployed, G. Brown, one of the state's important witnesses, was so badly injured in the riot that he could not attend court today. William Thorn, one of the prisoners, objected to the postponement on the ground that it is unsafe for him to return to jail. He said:

"Last night they put me in a solitary cell. At midnight four policemen entered and beat me with their clubs. If you will exclude the women I will show you the bruises and scars they inflicted."

Judge Grist replied: "That is a matter for the chief of police, not me."

Last night a crowd of one hundred men, said by the police to be of the unemployed, attacked Policeman John Tillman in the Mission district, and threw him down and were giving him a frightful beating when Policeman Charles Russell came to his aid. The officers finally escaped after injuring two rioters, John Dutton and James A. Ryan, so severely that they had to go to the hospital. Tillman's left arm was broken.

### RAIDS PLANNED BY JOBLESS ON HOTELS AND CAFES

SAN FRANCISCO, Jan. 9.—The police are preparing to prevent raids on restaurants by the unemployed. Reports have reached police headquarters that the jobless army is planning a descent tonight upon the high class cafes and hotels demanding to be fed. Two meals per day are available for all the unemployed at the co-operative employment bureau but the men are boycotting the bureau because it only offers \$1.50 per day for work while the malcontents demand \$3.00. They also refused last night to occupy the free quarters furnished for the same reason, preferring to remain in the ruins of the old city hall where camp fires burned all night.

## SPECIAL PRIZE IS AWARDED TO COUNTY

Float Representing This Section Commended by Tournament

Today J. C. Metzgar, secretary of the Associated Chambers of Commerce, received a letter from the Tournament of Roses committee of Pasadena, stating that the Orange county float had been awarded a special prize, a silver cup, which will be forwarded as soon as it is engraved.

The committee warmly commended the Orange county float and sent its best wishes to this splendid and prosperous county.

The float on New Year's Day was awarded fourth prize among the floats entered by civic bodies outside of Pasadena.

\$100,000 WORTH OF RADIUM TO CURE BREMMER'S CANCER

Representative Robert Gunn Bremner of New Jersey, publisher of the Daily Herald at Passaic, in that state, is in a private hospital in Baltimore showing improvement after \$100,000 worth of radium was placed in his shoulder to cure the cancer from which he has been suffering for four years. The radium was contained in eleven tubes, two and one-half inches long and one-third of an inch in diameter. The weight of the metal was between 800 and 900 milligrams and is probably the most expensive quantity ever used in a single operation. The tubes were planted in eleven incisions in the cancer and allowed to remain twelve hours, during which the radio-active properties of the radium played through the cancerous growth. After carefully observing the result of the first application Dr. Howard A. Kelly, who performed the operation, is of the opinion that the operation will be successful. If cure or even improvement result, another step forward in this disease. Although about a dozen cures of cancer with radium have been reported by physicians and surgeons in the last six years, medical men still hesitate to subscribe without reserve to the curative properties of the precious metal.

## Bulletins of News

Hot from the wire up to 3:30 p. m.

### THE WEATHER

Fair tonight and Saturday; heavy frost on Saturday morning; light north winds.

### Chicago Sells Fourteen \$1000 City Bonds Over Counter

CHICAGO, Jan. 9.—Fourteen \$1000 city bonds were sold "over the counter" by Comptroller Traeger yesterday, making a total of \$800,000 to date.

### Apprehension Felt Over Illness of King Carolus

BUCHAREST, Roumania, Jan. 9.—Much apprehension is felt for King Carolus today. He is suffering from a severe cold and on account of his advanced age his physicians fear pneumonia.

### Gen. Buckner, Vice President Candidate 1896, Dead

LEXINGTON, Ky., Jan. 9.—General Simon Bolivar Buckner, former governor of Kentucky and candidate for Vice President on the Gold Democratic national ticket in 1896, died at his home today.

### REFEREE EYTON ON STAND IN TRIAL

LOS ANGELES, Jan. 9.—Charles F. Eyton, who refereed the fatal Young Willard bout at Vernon, which furnished the basis of the present trial, testified today when the trial of Jesse Willard, charged with violating the anti-prize fight law, was resumed. He asserted that throughout the fight neither principal made an effort to injure the other. He said he saw no signs of malice. He stated that the principals were continually bantering each other during the boxing good naturedly throughout, saying: "You missed that one, try again," and "Never touched me."

The court denied the attempts of Defense Counsel Earl Rogers to introduce as evidence the decision two years ago by Judge Willis holding that Ad Wolgast and George Mensie were not guilty on a similar charge after a bout at Vernon. He said, however, that Rogers might ask each witness if he believed the law was violated.

### 3 HURT AND SCORE BRUISED AS STREET CARS COLLIDED

LOS ANGELES, Jan. 9.—Three women were injured and a score bruised when two street cars collided in the business district yesterday. Mrs. M. J. Mason, Mrs. Louise Puentes and Mrs. John Quint were taken to the hospital, where their injuries could not at the time be determined.

## BE ON THE NEW REGISTER IF THEY VOTE

Voters to Take Part in April City Elections, Take Notice

### NEW LAW MAKES A RADICAL DIFFERENCE

Also There is a Rigid Clause Concerning Ability to Read

All persons in Orange, Anaheim, Fullerton, Stanton, Huntington Beach and Newport Beach who want to vote at the city elections in April must be on the new Great Register.

County Clerk Williams stated this morning that the new state law makes this necessary. Hitherto, the old Great Register has been used at all municipal elections held prior to the general state election in November. This is now changed. For ALL elections held after April 1 this year it will be necessary to have registered after January 1, 1914, and at least thirty days before the election, as shown by sections 1094, 1120 and 1121 of the Political Code as amended in 1913.

Cities of the sixth class have their municipal elections on Monday, April 13. To vote at that time it will be necessary for electors to have registered between January 1 and March 14 of this year.

After April 1, only those who have registered this year will be qualified to sign initiative or nominating petitions, and there is some doubt as to whether any are now qualified to sign such petitions unless they have registered since January 1.

Another point to which it might be well to call attention is that all who register must be able to read the constitution in English unless they are prevented by some physical disability, or were actually voters in California on November 6, 1894, or were past sixty years of age on that date.

Inability to read the constitution in English has been made a ground of challenge, and in case anyone offering to vote is challenged on this ground, the election board must require them there and then to read any one hundred words of the constitution selected by the election judges. This is provided in the Political Code, sections 1230 and 1235.

All of the incorporated cities of this county except Santa Ana are in the sixth class, and all will hold elections in April, except Santa Ana, which is a city of the fifth class. In each city of the sixth class two, three or five of the trustees and the city clerk are to be elected.

## HEAVY FROST IN MORNING IS FORECAST

Slight Frosts This Morning With Apparently No Damage Following

LOS ANGELES, Jan. 9.—A heavy frost is predicted for tomorrow morning.

A general drop in the temperature of Southern California followed the arrival of an area of barometric pressure from the coast last night, a high wind following. Slight frosts were reported in some districts when the wind subsided this morning but there was no damage apparently.

### UNEXPECTED DELAY REPORTED IN THE DOUBLE TRACKING

Stanton Optimist: In spite of the hindrance of the rains, the new railway station is nearing completion. The building rests upon a substantial concrete foundation and is of a neat model. There will be a waiting room and suitable platform space. The double track is laid between Garden Grove and Buena. Rumors of an unexpected delay in the continuation of the work are heard but there is nothing as yet to support the rumor.

## DENY VINCENT'S PETITION FOR LICENSE

Board Finds Applicant Not Fit Person to Run Poolroom Here

### FIFTH STREET IS TO BE RE-SURFACED

Engineer to Estimate Cost of putting South Flower to Grade

The City Trustees last night unanimously denied C. Vincent's application for a license to run a poolroom on East Fourth street. The denial was based upon the ground that Vincent's record in the poolroom business was such as to indicate that he would not run the place properly. Vincent protested at length against the adverse report brought in by Commissioner Grubb, Greenleaf and Alderman, to whom the application was referred at Monday's meeting of the board after Trustee McPhee declared Vincent an unfit person to hold a license.

"The committee recommends that Vincent be denied a license to run a poolroom," said Grubb in reporting last night, "for the reason that our investigation convinces us that Vincent is not a proper person to run a poolroom in Santa Ana. When he did run a poolroom here, he catered to a carousing crowd and the police say there was considerable disorder there."

Vincent declared he was not a drinking man, and that when he ran the poolroom he frowned down upon drinking at his place. He said the liquor was obtained elsewhere.

The board was unanimous in denying Vincent's application.

Street Matters  
McPhee said that he thought something should be done about putting South Flower street to grade. On his motion the city engineer was instructed to make an estimate of the cost of grading that street from First to Fairview.

A request to have an alley crossing bettered with rock or gravel, on Wellington between French and F streets, was referred to the street committee with power to act.

Fifth street from Buena to Broadway is to be re-surfaced. Several years ago this street was paved, but too much oil was put in the screened rock surface, and the surface rolled and became very uneven. Max L. Hubermann has a contract signed up for the re-surfacing between Bush and Main, and has part of the other two blocks signed up. Last night permission to work upon the street was given Hubermann, one block only to be closed at a time.

On the report of the committee, the bid of the West End Garage Co. for furnishing the city with two automobiles was accepted, one for \$500 and one for \$650 for Ford machines.

### Bid Is Rejected

The bid of Farson, Sisk & Co. for the \$62,000 water and \$12,000 fire bonds was rejected. The bid was received last Monday night. The bidder asked for a liberal allowance for legal fees. That clause caused the rejection of the Chicago bankers' bid as an illegal bid. Another clause was that the bonds should be payable in Chicago instead of Santa Ana.

The city attorney declared the bonds would have to be re-advertised as a whole and cannot be sold in parcels from time to time as buyers desire, as is sometimes done.

Alderman declared that every effort should be made to sell the bonds as soon as possible, as the water department needs the proposed improvements in order to prevent a shortage in the water supply. Grubb reviewed the money market conditions and doubted the advisability of immediate re-advertisement. He voted with the rest of the board to call for new bids to be opened March 2.

### Wants a Sewer

Sewer Superintendent Reid said that the International Fruit Products Co. wants sewer connection for its plant on the Santa Fe. Next week the company will start its lemon by-products house, and later will start an orange by-products plant, utilizing cull lemons and cull oranges. Reid said that the pulp from the fruit will be carried away by the sewer. The pulp has a fertilizer value, but until the ranchers get used to it and haul it away it will have to be disposed of. The house is on private property, and the nearest sewer line is across the railroad tracks. The trustees said they favored encouraging the by-products plant, and Alderman, McPhee, Grubb and Reid were appointed as a committee with power to act in regard to the sewer.

### CUT OFF BY SNOW

MOUNT AIRY, N. C., Jan. 9.—Mountaineers in the Blue Ridge near here are cut off from civilization by the heaviest snowstorm ever seen in this section. Word of suffering among the marooned was brought in yesterday.

## ROWELL AND HENEY TO ADDRESS PROGRESSIVES OF COUNTY TOMORROW

Mass Meeting for Organizing New Central Committee to be Held at Santa Ana Armory

Tomorrow afternoon a mass meeting of Orange County Progressives will be held at the Armory on Birch street, Santa Ana.

Francis J. Heney of San Francisco and Chester H. Rowell of Fresno are to be present to address the Progressives upon the political situation.

Probably at no time within the next six or seven months will two men so able as Heney and Rowell be in this county together to address Progressives.

At 2 o'clock the Republican County Central Committee will dissolve itself by resignation or by adjournment, and at 2:30 o'clock the mass meeting will be called together. The mass meeting will decide upon what procedure shall be used to organize a new central committee—a Progressive committee in name and fact.

Francis J. Heney was in Santa Ana today on a court hearing in the Yorba Linda water suit. He stated that he had nothing to say concerning recent political developments in this state further than what he has already said. He is a candidate for United States senator and will seek the Progressive nomination at the primaries. He said he did not know whether or not Rowell had decided whether or not to make the race.

"I was in Fresno yesterday," said Heney, "having stopped off to see Mr. Rowell, but he was in San Francisco."

Rowell is to speak at a Progressive banquet at Riverside tonight. It is understood that he will be here tomorrow.

## Oklahoma Boy, One of Triplets, Would Like Help for "An Equation"

The Board of Supervisors are being besieged by triplets. Triplets to the right of them, triplets to the left of them, and all because they gave Otto Summers \$100 to help out in an emergency. The board never had any intention of making a standing reward for triplets. They would donate money to help out a needy set of twins, or a needy singlet.

However, the \$100 was paid, and some Los Angeles newspaper correspondents for eastern press associations put the story on the wires, and this morning the Board of Supervisors got a letter from Oklahoma. Attached to it was a clipping from an Oklahoma paper. The clipping read as follows:

"SANTA ANA, Jan. 1.—Triplets at \$100 per is a standing reward offered by the board of supervisors to parents of Orange county. This unusual procedure has been brought about by the birth recently of three boys to Mr. and Mrs. Otto Summers of the San Joaquin ranch. The county supervisors voted \$100 to the family and the amount was made the standing reward."

Along with it was the following letter, which is herewith printed with truthful adherence to the spelling, punctuation and expression:

"Naples Okla Jan. the 4 1914

"Dear sir I seen your add in theappers weekly of 100 hundred Dollars to give to triplets I wish I lived in that county I am one off 3 brothers I was borned in weare Okla . am 14 years old I only weighed 2 pounds and my 2 little brothers weighed 2 and a half a piece I weigh 60 now my parance a farmers and am trying awful hard to get anequation am in the 4 grade if you have eney thing to give us we will be anfulglad as we are very small and never can do very hard work we would be anful glad to get enough to by books.

"D. A. C. STEPHENSON.

"Direct all male to Dewie Stephenson naples Okla."

Needless to say the Board of Supervisors as a county board will be unable to help little Dewie "by books." That is no reason why some other tender hearted person should not indulge in the gentle pastime of charity.

As yet the Beaver triplets of West Anaheim have not put in their appearance before the supervisors. They are three years old.

stood O'Shaughnessy will visit all the American warships in the harbor before returning to Mexico City.

### MINE EXPLOSION FATALLY HURTS 6; OTHERS INJURED

MOUNDSVILLE, West Virginia, Jan. 9.—Six men are believed fatally hurt and several others were severely injured in a terrific explosion in the Mound City mine here. Fire damp was the cause. Other miners dragged the victims from the flaming tunnel and carried them to a hospital across the street. Several of the rescuers were severely burned.

### NO TRACE OF RALPH, THOUGHT HIDING NEAR LOS ANGELES

LOS ANGELES, Jan. 9.—Although they thoroughly searched the neighborhood where it was reported he was in hiding, sheriff's deputies admitted today that they had found no trace of Ralph Lopez, the Mexican sextuple murderer, who is believed to have escaped from the Utah Apex mine near Brigham and come to California. A Mexican who formerly worked with Lopez reported to the sheriff that the man is hiding near Compton.

### Dr. Lyman Goes To San Quentin 1 Year, 3 Months

LOS ANGELES, Jan. 9.—Dr. John Grant Lyman, convicted of using the mails to defraud in connection with stock sales in the Panama Development Co., was sentenced today to one year and three months imprisonment in San Quentin. Lyman petitioned the court to change the place of incarceration to Florence, Ariz., prison on account of his throat trouble. The court took the appeal under consideration.

### COL. G. W. GOETHALS TO BE THE FIRST CANAL GOVERNOR

WASHINGTON, Jan. 9.—Colonel George W. Goethals, engineer-in-chief of the Panama canal, and often referred to as the man "who made dirty fly in the big ditch," soon will receive his first reward for the work he has done—the bringing to consummation of the "greatest engineering feat of all time."

According to high authority President Wilson will nominate Colonel Goethals to be the first governor of the Panama Canal Zone after the present administration is changed to civil government as provided in the Adamson act.

## PROFIT SHARING SCHEME FORD LOGIC

So Declares President of Ford Motor Car Co., Which Lately Adopted Plan

### FLOOR SWEEPER NEEDS \$5 EQUALLY WITH ENGINEER

Believes Common-Sense Plan to Pay Living Wages to Employees

NEW YORK, Jan. 9.—President Ford of the Ford Motor Car Company of Detroit, Mich., was a guest at the Hotel Belmont today, where he was besieged by hundreds of jobless men demanding work at his automobile plant, where a profit-sharing scheme was recently announced.

President Ford explained the reason for the scheme, as follows: "Our theory is that the man sweeping the floor is worth five dollars for eight hours' work. It costs him as much to feed his babies as it does the motor construction engineer. The distribution of \$10,000,000 profits is not charity; it is simply good logic and common sense to pay your men living wages. There will be no 'ifs' attached to our plan. The men receive their share of the profits every two weeks."

## GOV. FERRIS ENDS PROBE OF STRIKE

Says It Must Wear Itself Out; Hope Felt that Wilson May Have Plan to End It

HOUGHTON, Mich., Jan. 9.—Saying that the Michigan copper strike must "wear itself out" Governor Ferris today announced that he would return to Lansing this afternoon. Later he remarked apparently contradictorily, that "subsequent events might cause a cessation in the conflict."

The general impression here as a result of the recent investigation is that President Wilson has some plan by which he hopes to end the strike.

President Charles Moyer of the Western Federation of Miners who returned to Hancock after being run out of that town and shot, remained here today under heavy guard.

## LAUNCH CAPSIZES-- 1 DEAD 3 MISSING

PORTSMOUTH, Va., Jan. 9.—Cornelius Olson was drowned and three others are missing as the result of the capsizing near Norfolk of a launch from the battleship Wyoming. Admiral Badger, commanding the Atlantic fleet, wired the following message:

"Cornelius Olson, boatswain's mate, was drowned. Body recovered. Three others are missing. Will send names and particulars when full facts are ascertained."

The boat capsized while wheelbarrows were being moved from the Wyoming in a choppy sea.

### COL. G. W. GOETHALS TO BE THE FIRST CANAL GOVERNOR

WASHINGTON, Jan. 9.—Colonel George W. Goethals, engineer-in-chief of the Panama canal, and often referred to as the man "who made dirty fly in the big ditch," soon will receive his first reward for the work he has done—the bringing to consummation of the "greatest engineering feat of all time."

According to high authority President Wilson will nominate Colonel Goethals to be the first governor of the Panama Canal Zone after the present administration is changed to civil government as provided in the Adamson act.

## NEW OPERA STAR BEGAN CAREER WITH A ROMANCE

Mme. Margaret Ober, the beautiful mezzo-soprano whose appearance at the Metropolitan Opera House in New York has deeply interested musical critics, began her stage career in love. She was in love long before she decided to sing professionally, and under its influence her musical ability developed so rapidly that her husband decided she should sing in opera.

She began the study of music as a young girl in Berlin with no thought of becoming a professional. But at her music teacher's she met Arthur Arndt, a young student who was preparing to become a teacher. When he opened his studio she joined his class. Not long after they were married. She began to sing so well that Mr. Arndt was convinced she should go into opera. He got her an engagement at Stettin six years ago, and after six months there she was engaged for the Royal Opera in Berlin. There she remained until this season, when she was asked to come to the United States.

## DRAMA ABROAD AND AT HOME

By Beau Rialto

NEW YORK, Jan. 7.—"The Secret," Stein play is often left up in the air, with Francis Starr in the leading role, is still a secret with the fall of business were Belasco-esque. That the last curtain, as far as the audience means par-excellence. Miss Starr, one of the most promising of the young actresses, never did better work than that Henri Bernstein wrote it. Bernstein, like Belasco, is a great artist, and strives only for effect. Cause and effect, the play's the thing, process may go hang, says Bernstein, so long as the effect is striking and consequently the audience at a Bern-

and who is madly in love with her.

## The Wardrobe

UTTLEY &amp; MEAD

117 East Fourth Street

She has everything she wants. But she is insanely jealous. She is possessed of a devilish spirit that cannot bear to see anybody but herself and her husband happy. Because of this moral perversion, she punishes her husband and his sister, involving them in a lawsuit. She brings about the marriage of her dearest friend whom she really loves, to an eligible man, for the purpose of making unhappy a youth to whom the friend was engaged. Afterward she breaks up the happy home, but bringing on the scene the fitted lover. It is these later incidents that make the three-act play.

In it Bernstein out-imbues Ibsen in weirdness and awfulness. Besides Gabrielle Little Nora and Hedda Gabler are nursery children. But Bernstein lets the psychology of it take care of itself. He does not explain the motives of Gabrielle, he allows the audience to figure it out for themselves. That is art, yes, but far from satisfactory to the average theatergoer. No attempt is made to explain.

The first two acts are delusions. Gabrielle in them is a lovely, sympathetic young woman, who is all the time working her machinations without even the audience suspecting it. That's Bernstein's way—to build up a seeming climax and then topple it over with another about which the audience had not dreamed. In the third act Gabrielle is revealed for the first time, not only to the people in the play, but to the audience, as a criminal mischief maker, a wrecker of homes. Even then she cannot explain her diabolical plottings. Her husband, listening to her confession demands again and again: "Why? Why? Why?" and he does not answer. The wronged girl flend demands to know why, and Gabrielle cannot tell. They all demand the answer and Bernstein furnishes none. But the point is, both husbands, after receiving proofs of their wives' shortcomings, forgive them. Those who remember Miss Starr in "The Easiest Way" and "The Case of Becky," unanimously agreed that her work has improved wonderfully. Gabrielle is wholly a psychological role and in the hands of a less skillful actress would be a miserable hodge-podge. Mme. Simone played Gabrielle in Paris last year and the play failed.

Possibly New York never had a better Christmas week play bill than this year. Billie Burke under the Prohman management, came back to the Lyceum Theater in "The Land of

Promise," by W. Somerset Maugham. It is a Canadian play, dealing with the English pioneers who went into the far Northwest. It is the most serious work Miss Burke has yet attempted. She scored a big hit, and her supporting company was well received.

"We Are Seven," was the Christmas offering at the Maxine Elliott, a play by Eleanor Gaites, author of "The Poor Little Rich Girl." It is a play entirely different from her former success and deals with the modern youth and eugenics.

George Bernard Shaw's "Philanderer" was a Christmas week show at the Little Theater. It is a satire that the Irish author would not allow produced in England. It was first seen in Austria and then in Germany. At all the other Broadway theaters the holiday week bills were the successes that have run all season.

This week will see many changes. Monday night Harry Lauder began his American engagement under the management of William Morris. On the same night Ethel Barrymore in "Tante" moved from the Empire to make room for Maude Adams in "The Yellow Ticket," a Russian play by Michael Morton of London, had its premiere at the Eltinges. "Adele" will open at the Harris, making room at the Longacre for "Iole," a musical comedy farce taking Robert W. Chambers' story of the same name. "Hop O' My Thumb," with DeWolfe Hopper, will go on the road, giving up the Manhattan Opera House to Sir Johnson Forbes-Robertson and Gertrude Elliott. Miss Iris Hawkins, the tiny comedienne, will quit "Hop O' My Thumb" for a vaudeville sketch, "Out of Dollyland." Anna Held will be seen at the Casino in a musical comedy.

SAN DIEGO GIRL  
ON LOVE MISSION

Sails for England to Beg Lover  
Not to Join Expedition to  
the South Pole

NEW YORK, Jan. 9.—Miss Margaret McFarland of San Diego, Cal., started for England Monday on the Savois of the French line to plead with Lieut. Victor Northwood, an aviator in the British army, to abandon his determination to join the Shackleton expedition to the south pole.

Miss McFarland said she met Lieutenant Northwood in California five years ago and they subsequently were engaged. She said they postponed the wedding from time to time because she insisted on living in this country, while Lieutenant Northwood was equally as insistent on remaining in the British army.

Miss McFarland said Lieutenant Northwood had written to her that he had invented a motor sled and that if he was accepted by the Shackleton party of explorers he intended to accompany them to the south in April. Miss McFarland said she hoped to persuade Lieutenant Northwood to give up the trip, and also hoped to be married while in England. Miss Selma Amsterdam, who said she lived at the Ansonia Hotel, accompanied Miss McFarland abroad.

### SOCIETY AND CLUBS

**Mr. and Mrs. Holt Surprised**  
Mr. and Mrs. John Holt were preparing for a quiet home evening on their forty-third wedding anniversary last Wednesday when they were surprised by a number of friends coming in very suddenly to celebrate the occasion.

At a meeting of the club of Lady Cantons a few days before in Santa Ana, it was learned that the anniversary would be on this date, and unknown to Mrs. Holt a party was made up to come out to Tustin and surprise them. Everything was done to make the evening an enjoyable one. The ladies brought delicious cakes and Mrs. Holt was soon ready with some of her fine coffee. The small club to which they all belong is composed of a few members of the Santa Ana lodge and they get together for the purpose of making pleasant occasions. They presented Mr. and Mrs. Holt with a beautiful rack and cheese dish.

There were eighteen in the party, as follows: Mr. and Mrs. Peters, Mr. and Mrs. Spradler, Mr. and Mrs. Morrison, Mr. and Mrs. Chandler, Mr. and Mrs. Shoemaker, Mr. and Mrs. Cozad, Mrs. Martin, Mrs. Utley and Mrs. Adams of Santa Ana, and Mr. and Mrs. Feindeisen of Tustin.

**Tustin Literature Section**  
The Tustin Literature Section met last Tuesday with Mrs. Frank Bennett. The afternoon was devoted to the study of articles in the January World's Work on Mexico and the conditions there.

There were nine members present, with Miss Childs as leader. Refreshments were served.

**Tustin Twelve**  
The Tustin Twelve will hold their meeting with Mrs. C. O. Artz next Tuesday afternoon.

**Baby Party**  
Last Monday afternoon a collection of Tustin's handsome babies was seen at the home of Mrs. Chas. Bowman. Little Florence Bowman was the hostess and the guests were Lena Allen, Elizabeth Smith, Lillian Hawkins, Helen Smith, Marjorie Wollenberg, Josephine Martin, Alice Holmes, Jack McFadden, Frank Holmes, Lawrence Kendrick, Bonnie Keiser, Philip Grisct, Carl Stearns, Donald Bowman, Philip Blew, Shirley Currier, Avery Johnson, James Preble, Curtis Bowman and Martin Bowman. Of course the mothers were in attendance and one of the interesting features of the afternoon was a study of scores from the Woman's Home Companion as to what a perfect baby should be. Each mother received a score of what her baby should be.

**Birthday Party**  
Little Thelma Artz celebrated her seventh birthday Thursday afternoon by inviting ten little friends to a party. Such fun as they had with a peanut contest, in which Helen Stearns won the prize, a box of candy. They played many other games, and the whole party had their pictures taken.

The beautiful birthday cake with Thelma's name on the top, had seven candles on it and when the refreshments were served the candles were lighted. Thelma was delighted with many little birthday gifts brought by her friends.

**Attended the Barbecue**  
Jas. Mock has just returned from a visit to Chas. H. Sahm, formerly a resident of Tustin, now of Brawley, where he attended the big Imperial county New Year's Day barbecue. Seventeen thousand people were fed on 450 turkeys and 17 beavers, with the amount of celery, cranberry sauce, mince pie and other good things consumed proportionately large.

**Surprise Party**  
A party of young ladies now teachers in the Presbyterian Sunday school, who were formerly of Mrs. Frank Logan's Sunday school class, gave her a genuine surprise last Monday night. It was to celebrate Mrs. Logan's birthday, which occurred on Saturday.

The young ladies composed a merry party and made the evening a lively one for Mrs. Logan, who enjoyed the impromptu party immensely. Games, music and refreshments were the order of the evening. Chas. Logan was taken into the secret and brought the girls and took them home in his automobile. Those present were Misses Jessie and Carrie Matthews, Maud Ellis, Grace McCarthy, Ruth Morgan and Mabel Logan, and Mrs. Henry Ebel.

**W. C. T. U. Meeting**  
The Tustin W.C.T.U. held its meeting with Mrs. Sarah Brown Thursday afternoon with an unusually good attendance.

The business session was held first. A letter was read by Mrs. Ed. Smith from the superintendent at Ransom home thanking the Tustin union for Christmas remembrances sent to the women in the home.

Mrs. Brown called the attention of the ladies to a program received from the National W.C.T.U. for Jan. 15 to be observed as a day of fasting and prayer for victory of the proposed constitutional amendment. A uniform

program is furnished by the National W.C.T.U. for an all-day meeting, and all who will are urged to join in the observance of the day. A motion was made and carried that an all day meeting be held at the Advent Christian church, Tustin, on Jan. 15 (next Thursday). The ladies were especially urged to spend one hour in prayer for this cause before going to the meeting.

Mrs. Brown then spoke of her attendance at the meeting held in Los Angeles, when she pledged \$5 to the campaign fund for the tustin union. The ladies heartily endorsed this pledge and instructed the treasurer to pay it.

Business matters attended to, the devotional exercises were led by Mrs. J. O. Preble with the reading of the 103rd Psalm. Mrs. Blew followed with prayer. The ladies present responded to the roll call with scripture texts.

The subject for study for the afternoon was "Medical Temperance," the leader Mrs. C. A. Miller.

The question was asked: "What shall I take instead of alcohol?" By means of quotations from good authorities it was shown that there are many ways of substituting other things in cases of various kinds of illness.

Mrs. Miller then introduced two guests of the meeting, Mrs. Belle Rogers, county president of the W.C.T.U., and Mrs. Davis, county superintendent of Medical Temperance.

In connection with this subject, Mrs. Davis gave an excellent talk on her experience as a trained nurse. For instance, when a physician orders alcohol rubs, not many people would think that witchhazel can be used with fine results. For a fainting person just ordinary vinegar is as good as anything else. She also advocated plenty of good water, pure fruit juice and physical exercises for health.

Mrs. Rogers, county president, then addressed the meeting, giving some very telling statistics. One of her questions was from the Medical World, not a temperance periodical nor a prohibition paper, but just a medical journal, which referred to a public statement made by the governor of Kansas, saying he "hoped no one would waste pity on the people of his state. As a matter of fact Kansas last year produced \$325,000,000 worth of farm products and can better afford such a roasting than any other state in the Union, for her per capita wealth is larger than that of any other state. She can better afford this, for her people are not constantly paying out huge sums for the care and keep of criminals, paupers, insane and feeble-minded. In 87 of her 105 counties there are no insane, in 54 of this number there are no feeble-minded. Ninety-six counties have no inebriates. Thirty-eight poor houses are empty. At one time not long ago the jails in 53 counties were empty and 65 counties were on the roll as having no prisoners serving sentences in the penitentiary. Some counties have not called a jury to try a criminal case in years. In 1907, when the panic was on Kansas forwarded \$50,000,000 to help Wall street out of the hole. She now offers for the world's consideration a record of moral and material progress the like of which has not been seen since civilization dawned in the valleys of the Nile and the Euphrates. Something is the matter with her. That something can be expressed in fourteen words constituting an amendment to her constitution: The manufacture and sale of intoxicating liquor shall be forever prohibited in this state."

At the close of the meeting, Mrs. Davis gave a demonstration, osteopathic treatment to one of the ladies.

All who are interested in the temperance cause are urged to attend the all day meeting to be held next Thursday at the Advent Christian church, beginning at 10 a.m.

The next regular meeting of the Tustin union will be held Jan. 22 at the home of Mrs. J. A. Finney.

**Attended Orange Installation**  
A party of Pythians composed of Mr. and Mrs. D. L. McCharles, Mr. and Mrs. Roy I. Smith, Mr. and Mrs. Tom Cook, Mrs. F. M. Culver, Mrs. Hugh McDonald, Mrs. C. A. Nordstrom, Miss Anita McDonald went over in automobiles to Orange Monday night to the installation of the Orange and Anaheim temples. They also attended the banquet.

The installing officer on this occasion was Mrs. Emma G. Hedges of Anaheim. She will install the officers of the Wistaria lodge in Tustin on Jan. 16.

**Tustin "Y"**  
The "Y" meeting will be held with Miss Avis Smith tonight.

**Tustin Twelve**  
The Tustin Twelve will meet with Mrs. C. O. Artz next Tuesday afternoon.

**CHURCH NOTICES**  
**Tustin Presbyterian Church**  
Sunday school, 9:45 a. m. Classes for all ages. Everybody invited. Morning worship, 11 o'clock. Subject of sermon by pastor, "Rowing Against the Wind." **Advent Christian Church**  
Sunday school, 10 a. m. Preaching, 11 a. m. subject, "Are You Ready?" Text, Luke 12:40. Loyal Workers' hour, 6:30 p. m. Text, 1 Tim. 1:15. Prayer meeting and choir practice, Thursday evening, 7:30.

The Women's Home and Foreign Missionary Society will meet at the parsonage at 2 p. m. Tuesday.

R. B. SHANNON, Pastor.  
Rev. R. B. Shannon will begin a series of meetings at Shermutville Monday night, Jan. 12. The meetings will continue every night during the week.

**Santa Ana Painless Dentists, 102 1/2 East Fourth St., Main 258.**

### TUSTIN PERSONALS

Mr. and Mrs. J. A. Thomas have moved to the home of their daughter, Mrs. H. R. Smith, on Prospect avenue, and Mrs. H. R. Smith has gone for a trip to Casa Grande, Ariz.

Chas Stearns came home from San Pedro last Sunday with his mother and father, Mr. and Mrs. Wm. Stearns. Elmer B. Cushman purchased a new Hupmobile Christmas week.

Mrs. D. P. Walters is spending the week with Mrs. Henry Rudolph in Orange.

Mrs. Frank Stearns was a guest of Mrs. E. V. Stearns of Fairhaven avenue Thursday.

Edwin Tuttle, formerly of Tustin, now of Heber, Imperial county, was visiting here this week.

Rev. F. L. Richardson spent a few days in Tustin this week visiting friends.

Mrs. E. J. Cranston and Mrs. Fred Courrier spent the day in Los Angeles Tuesday.

Wm. Weiss and family have moved to their new home on Newport Road.

Miss Lena Wollenberg spent the day in Los Angeles Wednesday.

W. F. Woodward of Phillipsburg, Kansas, is visiting Mr. and Mrs. C. L. Hallett.

Mrs. J. M. Watson of Aurora, Ill., and Mrs. J. H. Davis of Holton, Kansas, mother and sister of Mrs. W. L. Shatto, are now with her. They arrived in Tustin Wednesday evening.

Mrs. Shatto is slowly improving and it is hoped that this visit of her mother and sister will help to make the improvement faster.

Fred Connell of Ipava, Ill., wife and three little girls, Reba, Lois and Margaret, are visiting Mrs. C. H. Eaton and Mrs. Lindsay. Mr. Connell expects to locate somewhere in California.

After the holidays Miss Louise Long has resumed her music class at Pasadena.

Mrs. H. Romer, who has been quite sick for the past week, is out and improving in health.

**The Weather**  
Last night was rather a cold one and a frost was quite visible this morning, but no smudging seemed to be necessary in the Tustin district.

**The Women's Bureau Bible Class**  
The members of the Women's Bureau Bible Class held their regular monthly business meeting in the social room of the Presbyterian church Wednesday afternoon.

The meeting was called to order with the president, Mrs. C. P. Marshall, in the chair. The devotional exercises were led by Mrs. G. W. Pollard.

The minutes of the previous meeting were read by the secretary, Mrs. L. A. Cook, and were approved. The treasurer's report was also approved.

The matter of a social for the Home Department was fully discussed. For various reasons it was thought best to postpone this affair until nearer the springtime.

The treasurer was instructed to pay to the Missionary Society \$10, pledged for the Spanish school.

The question of much interest in the meeting was in regard to the continuance of the Mission Study Class. Whether new books should be bought and the study still pursued and continued in connection with the Bureau Bible Class. The subject was held over till the next meeting in the hope of having a fuller attendance and a better opportunity to get the opinion of the whole class.

The Mission Study Class then convened. The subject of study was an interesting portion of the history of the late Empress Dowager of China and her influence in the mission field of China.

**Lloyd Sharp at Templeton**  
Lloyd Sharp, having recently purchased a general store in Templeton, Cal., will make his permanent home there. He writes that prospects are very encouraging both in the town of about 600 inhabitants and the surrounding country.

**Y. M. C. A. Work**  
A committee of five men, Rev. E. W. Blew, Messrs. A. E. Bennett, R. Shafer, E. S. Tingley and W. A. Jones with R. J. Hamilton, county secretary of the Y. M. C. A., met in the social room of the Presbyterian church Tuesday evening, January 6, to consider plans for a local organization of Y. M. C. A. Mr. Hamilton gave a talk on the Y. M. C. A. work of the county, including experiences along the lines of buildings for the boys.

Owing to the fact that minors are now debarred from pool rooms in this state and to the fact that a number of the boys of our Sunday schools are falling into ways of temptation, it was decided to proceed in plans with the end in view of a room or rooms to be fitted up with suitable things such as are being used in Y. M. C. A. rooms elsewhere at a moderate cost.

It was moved and carried that the present committee of five be increased to double its size. Mr. Hamilton also selecting one member. Those chosen as new members on the enlarged committee were E. L. Cranston, Art Lindsey, Harry Lewis, P. H. Ebel and C. F. Smith, there being one more appointment to be made. It was agreed that Mr. Cranston should be asked to interview the gentlemen owning lots in proximity to the Presbyterian church, that the committee might if possible obtain concessions of ground, etc. to aid in this work for our boys.

It was also agreed that Mr. Blew and Ross Shafer should investigate the cost, desirability, etc., of an outfit for giving moving pictures. The balance of the original committee were appointed to the task of making plans for the room, grounds, electric lights, etc. Mr. Hamilton agreeing to bring in a plan from outside to be submitted to the committee of the whole.

The meeting then adjourned, such a date as completed plans and developments should warrant.

W. A. JONES, Recording Sec'y.

**DR. C. D. BALL**  
Hours 10 to 11 a. m.; 2 to 5 p. m.

**DR. R. A. CUSHMAN**

## WHAT IS DOING ABROAD

(By Ed. L. Keen, London Correspondent United Press)

LONDON, Jan. 6.—Robert Bridges hasn't done a great deal of laureating since he succeeded the late Alfred Austin as official poet of the British empire, but he has started something really worth while. Even the disappointed friends of Rudyard Kipling, whom they believed to be the only versifier in the country worthy of the mantle once worn by Southey, Wordsworth and Tennyson, will no longer begrudge the scholarly physician-poet his \$635 a year—provided he makes good in his new undertaking.

Americans who are compelled temporarily to reside in the British Isles especially hailed with glee the announcement made the other day that Dr. Bridges, during the intervals between his consultations with the muse, intends making a serious effort at teaching Englishers how to talk English. Curiously enough he is going to start with Oxford, where traditionally they are supposed to (but don't) dispense with the purest English in the language market.

The American who is unfamiliar with English finds it far more desirable to be accompanied by a competent interpreter at Westminster Abbey if he would understand thoroughly the spoken words or the average Oxford-bred Church of England clergyman, than when sojourning among the costermongers of East London. For some time past the doctor has been publishing magazine articles and pamphlets pointing out the sad decadence of English as it is spoken—not by the Cockney or the unlettered provincial, but by the intelligent and cultured university-trained men, especially in the matter of pronunciation and accent. There is considerable looseness of diction, too, says the poet laureate, and this also will be taken care of in his scheme of linguistic reform, which he intends now to put into practical effect.

He has formed a society, of which he is the head, and which includes among its chief supporters such masters of English as Thomas Hardy, Jr., Dr. William A. Craigie, and Dr. Henry Bradley, editors of the Oxford English Dictionary; Sir Walter Raleigh, professor of English literature at Oxford, and Professor John W. MacKail, former occupant of the Oxford chair of poetry. The society has an ambitious program. Its specific purposes are: "The restoration of the purity of both spoken and the written languages; resistance to the unnecessary incorporation of foreign words, and encouragement of the adoption in polite speech of crisp, terse, vigorous words from the English language." This is to be accomplished by directly influencing all teachers of English throughout the land, by means of the frequent widespread dissemination of literature bearing on the subject and the frequent delivery of lectures by language experts.

Dr. Bridges wants to see a revival of the English that Dr. Johnson spoke rather than the English that he wrote. He much prefers "rot" to "putrify,"

REDUCED RATES FOR ELECTRIC ENERGY

As announced in the telegraphic news of this paper several days ago, the Southern California Edison Company has filed with the Railroad Commission a revised schedule reducing the rates for electrical service covering practically the entire southern part of the state.

This reduction in the rates—a fact not announced in the press dispatches—is the result of several weeks of negotiation between representatives of the Edison Company and the Railroad Commission. About a year ago, as a result of informal negotiations between the Southern California Edison Company and the Railroad Commission, the company put into effect throughout the southern part of the state a maximum lighting rate of 8 cents per kilowatt hour. The rate theretofore had averaged between 9 cents and 10 cents per kilowatt hour. The effect of the reduction to 8 cents per kilowatt hour amounted to a saving to the consumers of electric energy in the southern part of the state of approximately \$240,000 per year.

Further negotiations have secured a second reduction in power rates. The new schedule of rates just filed by the Southern California Edison Company provides for a maximum lighting rate of 7 cents per kilowatt hour. This new schedule is to go into effect on March 1, 1914. This reduced rate will result in an immediate saving to the patrons of the Edison Company of at least \$120,000 per year, and it is estimated that the ultimate effect of this reduction by the Edison Company will result in a general saving to the patrons of electric energy in the southern part of the state of at least \$200,000 per year.

The benefit of this reduction will be felt chiefly in Los Angeles, San Bernardino, Riverside and Orange counties. The rates will be applied in practically every community within these four counties, including, as well, the larger cities and towns, such as Long Beach, Pomona, Claremont, Lordsburg, Monrovia, Sierra Madre, Whittier, Santa Monica, Venice, Sawtelle, Redondo Beach, Hermosa Beach, Inglewood, Redlands, Chino, Santa Ana, Orange and Fullerton.

In certain cities such as South Pasadena, Alhambra and Los Angeles, ordinances have been passed prescribing the actual rates at which electric energy shall be supplied within those cities. The reduced rate obtained through the negotiation of the Railroad Commission will not apply in the cities which have fixed definite rates by ordinance. The reduced rate will, however, apply in those cities which have fixed only maximum rates. It is understood that the Edison Company will put into effect in such cities the reduced rate which it has filed with the Commission.

Upon the going into effect on March 1, 1914, of this reduced rate of 7 cents per kilowatt hour, the people of Southern California will obtain the benefit of one of the most sweeping reductions in rates which has been effected since the Railroad Commission was organized.

## PROGRESSIVE PARTY FOR PROTECTION

The old threadbare argument that the Progressive party is in sympathy with free trade and opposed to adequate protection for American industries is doing duty again in the reactionary papers in order to influence action on registration. The only plausible point made in support of the claim is that some individual Progressives in congress voted for some schedules in the Democratic tariff bill. The same line of argument would prove that the Republican party is the foe of protection, for Senator Root, who is now being put forward as the Republican candidate for president, fought the tariff on lemons with all his great ability and parliamentary skill. There were all sorts of line ups in congress on tariff schedules, but it is certainly true that some of the most vigorous and effective work in opposition to the Democratic measure as a whole was done by the Progressives.

The last Republican national platform was not satisfactory on the tariff question; it was too much of straddle and sidestep. The tariff plank in the Progressive platform was one of the most clear cut declarations in favor of protection ever issued by any party in the history of the country. On that platform Roosevelt and Johnson made their campaign and polled a million more votes than did Taft.

All sorts of efforts will be made to misrepresent the attitude of the Progressives on various issues; friends

## SPECIAL WASHINGTON LETTER

By Burton K. Standish

## MOTHER! THE CHILD IS COSTIVE, BILIOUS

If Tongue is Coated, Breath Bad, Stomach Sour, Don't Hesitate!

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow. If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look! Mothers! See if tongue is coated. This is a sure sign that it's little liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated, indigestible food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company." Don't be fooled!—Advertisement.

Better buy a Buick than to wish you had.

## Fancy Groceries

At this season nearly everybody wants the choicest of foods. We wish to state that at our store will be found all the most tempting of eatables.

Pure Preserves  
Dainty Deserts  
Choice Cheeses  
New Crop Nuts  
Crisp Vegetables  
Fresh Fruits

The best of everything in staple groceries.

Morrill Bros.

WASHINGTON, Jan. 7.—There is one man here who is powerful glad whenever congress decides to take a little rest. He is Public Printer Ford. It is Ford's job to print the Congressional Record, Uncle Sam's only daily newspaper, which contains the full report of what transpires in congress.

The Congressional Record is a daily book rather than a newspaper. It is printed at night in the big government printing office, and no matter how late the session lasts, copies are always on the desks of the members by 10 o'clock the following morning. Every other sort of government printing can slide when it comes to the Congressional Record. That is "must" and it goes through first. A tremendous force of employees is necessary to handle the Record with the accuracy, speed and facility required. The book frequently runs 10,000 words and press time is as busy a period as that same moment on a great metropolitan newspaper. Moreover, there mustn't be any typographical mistakes in the Record, so an elaborate system of proof-reading is installed.

Senator Lane of Oregon has set a new record for brevity in the Congressional Dictionary. His biography occupies exactly one line—and a darn skimpy line at that. It is: "Harry Lane, Democrat, of Oregon. Term expires March 3, 1919."

Besides the monumental biography of Senator DuPont of Delaware, who tells of every job he ever held and of every civil war engagement in which he participated, Lane's history is most refreshing.

In front of a desk in a tiny little ante-room of the department labors the son of Secretary of the Treasury McAdoo. Francis H. is working just as hard as an attorney in the division of fraud cases as though his dad isn't a cabinet member, and as though the president of the United States and a whole lot of other prominent folks weren't present at his wedding early in the fall.

"I can hardly call myself a Washingtonian yet," he said, but I like it here.

Even the rats of New York city are getting extravagant habits. If a \$500 nest made in a shoe box of \$5 and \$10 bills now in the possession of the treasury department is any criterion, the shoe box full of mutilated currency has been turned over to Mrs. A.

**Scorched Linen**  
If, when ironing a shirtwaist or other white garment, a place should become scorched, it is unnecessary to launder the whole garment, according to Woman's Home Companion. Lay the scorched portion over a deep saucer or cup, and with a teaspoon press the cloth down to the bottom of the dish while you pour in some boiling water. In a few minutes lift from the water, wring in a cloth, and let dry sufficiently to press, after which you can not tell where the garment was scorched.

**ELONGATED ATHLETE**  
Northwestern University claims to possess the tallest athlete engaged in varsity sport competition in the person of Alva Van Dyke. He is 7 feet 3 1/2 inches in height and is on the basketball team. Placing the ball in the basket should prove an easy feat for Van Dyke.

**Towels Cleaned**  
Dingy towels may frequently be restored to normal whiteness by putting in a kettle of cold water, adding white soap shavings and lemon juice and letting come slowly to a boil. Rinse in tepid water, then blue water and hang in the sun.

## \$10,000 FIRE GUTS FIVE STORIES IN LOS ANGELES

LOS ANGELES, Jan. 9.—Five stories were gutted by a fire on East Seventh street yesterday. It is believed the fire was incendiary. The loss was \$10,000.

**KEEPING HOUSE BY PROGRAM**  
System in housework is more and more proclaimed the solution of the housekeeper's difficulties. The maids like it, when they get used to it, and so does every member of the family. All know exactly what is going to happen then. Part of the system is to keep Sunday always a free day. The food so far as possible is prepared the day before. By the old hit or miss method Sunday was often the hardest day for the housekeeper. She must allow her helpers freedom for church and quiet hours, yet extra meals for guests were always in order. To do certain tasks regularly means that the house is always orderly, and no task becomes too heavy. To keep a well-cared-for house in order is far easier than to renovate a neglected one by spasmodic cleaning up.

**MAKING NEWSPAPER USEFUL**  
The proprietor of the local paper at Eberswalde, a small Prussian town not far from Berlin, the Daily Chronicle (London) says, does his best to make that organ useful as well as instructive. Two days a week he has the General Anzeiger printed on only one side of the paper, so that it can be used for wrapping up provisions without any touch of printers' ink. On these days the paper is twice as large as on ordinary days, so that the public loses nothing in the way of reading matter.

"This beats me."  
"What is it, John?"  
"Lady tramp at the door wants to know if you can spare an old corset."

## COUNTY P.-T. FEDERATION

All P.-T. Associations of County to Meet at West Anaheim In All-Day Session

The meeting of the Orange County Federation of Parent-Teacher Associations, to be held tomorrow at Loara school building, West Anaheim, promises to be of much interest. It is likely that a large-sized delegation from the various parent-teachers associations of Santa Ana will attend the Federation meeting.

The meeting will open at 10 o'clock with an address of welcome from Mrs. Goodale, president of the Loara School Parent-Teacher Association, with response by Mrs. Theo. A. Winbiger, president of the Santa Ana High School Parent-Teacher Association. Short talks from the presidents of the various associations of the county will be given, and routine business, including the announcement of the nominations for officers of the federation, to be voted on at the April meeting, will occupy the remainder of the forenoon session.

In the afternoon music and readings for entertainment will be furnished by the Anaheim delegations, and addresses will be heard from outside speakers. The principal speaker will be Miss Gertrude Longnecker of the San Diego Normal School and her subject will be "Vocational Training in Elementary Schools." Mrs. Ida Dutton of Anaheim will speak on "New Features in Educational Work."

Those going from here by train for this meeting should take the Southern Pacific train leaving here at 8:25 o'clock.

**Dinner and Cards**  
Entertaining informally last evening, Mr. and Mrs. E. S. Morrow were hosts at a pleasant little dinner party at which the guests were Mr. and Mrs. E. S. Gilbert, Mr. and Mrs. C. M. Jordan and Mr. and Mrs. H. T. Duckett. Cards whiled away the evening following. Mr. and Mrs. Morrow have the gentle art of entertaining well in hand, and those fortunate enough to visit their home are quite sure of a delightful time.

**A. E. Marker Goes North**  
Al E. Marker, recently connected with Taylor's Confectionery establishment, has severed his connection there as he is going to do into business for himself at Tempe, California. Mr. Marker looked after the catering at Taylor's, and made many friends for the establishment. He will be much missed and his many friends here wish him every success in his new location.

**New Thought Lecture**  
A New Thought lecture by John Milton Scott, poet, philosopher and teacher will be given Sunday evening at 7:30 o'clock at the Unitarian church. He will take for his subject "The Grace of the Adversary."

Those who were fortunate in hearing Mr. Scott when he lectured in Santa Ana recently will be most pleased to hear him again. His book "Kindly Light" has received high appreciation for its spiritual helpfulness from all types of mind in all stages of education and culture, standing the test of years and passing into the rank of the classics of the spiritual life.

## Mission Pictures

All sizes and Post Cards and Calendars.  
**MONK STATUETTES.** These are new and very clever.

## Merigold Bros. Odd Fellows Building

## A RED LETTER DAY

Annual Meeting and Banquet of Congregationalists Was Happy Event

A real red letter day was enjoyed yesterday by the First Congregational church beginning at 4 o'clock with a reception given by the women of the church, who welcomed scores of the church members and many others interested in the church. A delightful program followed, including a company which filled the Sunday school auditorium and the balcony above. Mrs. Mary Page Bruner was in charge of the program which consisted of music and readings. Those taking part were Mrs. Jack Crose, Mrs. Nell, Miss Faith Shaw, Miss Henry, Mrs. Bruner, Mrs. Strong, Mrs. Pendleton and Mr. C. S. Shaw. Every number was highly enjoyed.

At 6:30 the company descended to the church dining room where were long tables beautiful with snowy linen, crystal and silver and centerpieces of brilliant red geraniums massed in festoons with ropes of smilax extending through the center of the tables. A most attractive and enjoyable meal was served and enjoyed by the people. A caterer's supper of potatoes, baked beans, salads, cranberry sauce, celery, hot biscuits and butter, and aromatic coffee. The boys of the Boys' Brotherhood and the fair young girls of the church waited on the tables with celerity and pleasing thoughtfulness. The menu was most appetizing and reflected vast credit on the committee, headed by Mrs. W. S. Decker who was aided by Mesdames E. M. Nealey, W. S. Rose, D. C. Cole, F. O. Calkins, N. A. Beals, F. L. Norton, and Mrs. F. C. Rowland, the latter being responsible for the splendid hot biscuits that were such an important feature of the dinner.

Following the splendid dinner the annual reports from the various departments of the church were given in a most entertaining way. Mr. W. B. Tedford, in the absence of the pastor, Rev. Fred Staff who is ill, acting as master of ceremonies during this part of the evening. The reports aroused enthusiasm and indicated progress in the growth of membership, efficiency and activity in every department. Financially, a balance of the credit side of the ledger was announced, this being a pleasing climax to the encouraging showing made along all lines.

All regretted the illness that caused the absence of Rev. Mr. Staff and his family and the following resolution was unanimously passed: Resolved, That we, the members of the First Congregational Church of Santa Ana, assembled for our annual banquet and meeting, sincerely regret the absence of our pastor and family this evening and that we extend to him and his family our prayers and sincere hopes for his speedy recovery and return to his work with us.

That the annual meeting and banquet was one of the most successful and delightful of recent years in this church, was conceded on every hand.

**An Interesting Meeting**  
An interesting meeting was held yesterday afternoon by the Woman's Committee at the home of Mrs. F. J. Barnes on North Broadway. Mrs. Annie McGaffey presided. After the business meeting Mrs. C. H. Wilson read a poem by Berton Bralley entitled "Which?" also Mrs. Minnie Edgren Fisk's Arrangement of the Modern Society Woman, in which she forcibly expresses her opinion on what rich society women might do to better social conditions. This was followed by the reading of "A Lesson in Humanity" by J. Howard Moore, which was much enjoyed. A chapter on "Phosphorus and Its Use to the Human Body" by Charles R. Van Hise in "The Conservation of Natural Resources in the United States" was read, followed by a lively and instructive discussion along health lines.

Delicious fruit was served by the hostess and all the ladies present agreed that they had spent a pleasant and profitable afternoon only regretting that the afternoon was not longer.

**South Dakota Picnic**  
The annual midwinter picnic of the South Dakota State Society of Southern California will be held in Sycamore Grove, Los Angeles, Cal., on Saturday, January 17, 1914.

Short addresses, good music, free coffee will be features of the picnic. Bring lunch and spend the day with old time friends. They will be looking for you.

Sociability will be the watchword. Extend this notice to all you can reach.

Frank L. Stobbs, Union Oil building, Los Angeles, is president of the society; A. L. Parnley, Long Beach, Cal., secretary, and James S. Bishop, 519 H. W. Hellman building, Los Angeles, assistant secretary.

**The Amphion Circle**

This club of feminine workers for the First Congregational church met yesterday afternoon at the home of Miss Ada O'Brien. After a brief business meeting the ladies spent a pleasant hour over the pretty fancy work they had taken with them. Then the circle adjourned to attend the reception and annual church supper held at the Congregational church yesterday afternoon and evening.

## Watch, Clock and Jewelry Repairing

GUARANTEED SATISFACTION**

**Carl G. Strock**  
Jewelry and Pianos  
112 E. Fourth St. Santa Ana

## Clover Club at Eckley Home

The Clover Club met yesterday at the home of Mrs. E. L. Eckley, 1912 North Broadway, ten of the club ladies being present. Two of the members, Mrs. E. C. Blauer and Mrs. Hugh Hill, were ill and unable to be present.

The afternoon was spent in merry chat and dainty needlework, the latter being the specialty of the club. Maman Cochet roses adorned the dining room and table where a two course collation was served by the hostess, assisted by Mrs. T. Lyvester of Orange and Mrs. Frank Miller of Santa Ana.

During the afternoon the ladies contributed a generous sum to be used for charity among the needy. These club ladies believe in extending a helping hand to those who need aid.

The next meeting will be held with Mrs. Dr. Chapman of 275 South Glassel street, Orange, on Jan. 22.

**Good-bye Reception**  
A farewell reception was given Wednesday night at the home of Mrs. Geo. S. Wilson in honor of Charles Parslow, who left today for Berkeley university. The guests were the young people of the Christian church.

A college with faculty and various departments was formed and a jolly time was had by the fifty people present. A football game played with an egg blown in by the faculty and star students. A cafeteria supper of sandwiches, fruit, cake and chocolate was served, each guest being furnished with paper money to pay for part or all of his or her meal, according to appetite. Toasts to Mr. Parslow and the faculty were given.

**Sewing Club Met**  
The West End Thimble Club was entertained at the Greenleaf home yesterday by Mrs. Frank Greenleaf. Red roses were used in decoration of the house. Many were out for this first meeting of the year.

Needlework kept the ladies busy, and a sewing contest proved interesting. Elaborate refreshments were served.

The next meeting will be at the home of Mrs. J. L. Stevenson, 223 West Santa Clara.

**Embroidery Club**  
Miss Alice Walsley was hostess last evening to the N. M. U. Club, decorating her home with roses for the occasion. Violets for favors were given when refreshments were served. Embroidery and chat whiled away the evening.

**For Miss Lockwood**  
Miss Marvel Baker entertained charmingly last evening for her house guest, Miss Lockwood.

**Mr. and Mrs. R. E. Miles** motored to Pasadena, yesterday for a few days' visit with their daughter, Mrs. Arthur Kendall.

Mrs. Maurice Phillips is in Los Angeles spending several days with her sister in that city.

Miss Opal Baker spent today at Balboa Beach.

Dr. and Mrs. Chas. Whitted and Mrs. Roscoe Whitted spent today in Los Angeles.

Mrs. Belle Clemens was a morning passenger on a Los Angeles car this morning.

Geo. H. Randall was a visitor to the City of the Angels today.

Miss Cook of Pomona, who has been visiting for a few days with Mrs. Augusta Hood of North Main street, returned to Pomona this morning.

Mrs. E. E. McDowell of Hemet, a little husband, arrived here today for a two weeks' visit at the home of Mrs. G. P. Hill. Mr. McDowell has gone to Nevada, called there by the death of his father, Dr. McDowell, who is known in Santa Ana, having visited here at different times. His death occurred last Friday after a long period of ill health.

**Notice of Business Change**  
—Notice is hereby given that the partnership heretofore existing between J. A. Miller and F. C. Nichols, doing business at 416 and 418 North Sycamore street, Santa Ana, California, under the name of "Auto Specialty Co." has, by mutual consent and agreement, been dissolved, J. A. Miller retiring.

The business will be continued under the same name and at the same place, by F. C. Nichols, who will be responsible for all indebtedness of the partnership, and to whom all bills due the firm are payable.

**F. C. NICHOLS,  
J. A. MILLER.**

**STOCKHOLDERS' MEETING**  
—The annual meeting of the stockholders of the Home Mutual Building & Loan Association of Santa Ana will be held at the office of the Association, 419 N. Main street, Monday, January 12th, 1914, at 7:30 p.m., for the election of directors and such other business as may properly come before that meeting.

**O. M. ROBBINS, Sec'y.**

**SOCIAL DANCE**  
—The Williams School for Dancing will give a dance in the Armory hall Wednesday evening, January 14.

The new Spring models of Corsets have arrived. The very newest ideas in Corsets. Come in and see them. Mrs. Cora B. Cavins, 408 N. Main St.

**MASONIC NOTICE**  
—Called meeting of Santa Ana Lodge No. 241, F. and A. M., Friday evening at 7:30 o'clock, for work in the second degree.

By order of **H. R. ANDRE, W. M.  
G. A. WHIDDEN, Sec'y.**

**DIED**  
SILVART—Friday, January 8, 1914, Elizabeth A. Siefert, aged three years, daughter of Mr. and Mrs. Fred Siefert, of 1065 West First street.

—Funeral services will be held Saturday, Jan. 10, 1914, at 2 p.m., from Smith's chapel.

## ORANGE NOTES

(By Staff Correspondent.)  
ORANGE, Jan. 9.—Mr. and Mrs. Sumner Smith and baby, of Alta, Ill., are spending a couple of weeks at the D. F. Campbell home on South Cambridge street.

The Thimble Club met at the home of Mrs. C. J. Gregg Wednesday afternoon and enjoyed one of their usual good times, with fancy work and social chat. Mrs. Will Gregg of Santa Ana was a guest of the club, also Mrs. E. A. Unland and Mrs. Lutz. The members present were Mesdames W. A. Dyer, Raney, R. R. Douglass, S. G. Unland, J. F. Walton, A. H. Small and C. J. Gregg. The afternoon was concluded with dainty refreshments which included sandwiches, cream puffs, cake and cocoa.

The C. M. P. Embroidery Club was pleasantly entertained at the home of Mrs. H. L. Bascom on North Tustin street Wednesday afternoon. The house was beautifully decorated. Frezias and Japanese baskets were used between the living room and the den, and red geraniums between the living room and dining room, with festoons of smilax and ferns. Instead of the usual fancy work, they spent the afternoon playing progressive anagrams. After the games refreshments of nut sandwiches, chicken salad and coffee were served to the following members: Mrs. W. E. Anderson, Mrs. W. T. Bowen, Mrs. Geo. Campbell, Mrs. Lawrence Hemphill, Mrs. T. V. Pruitt, Mrs. C. A. Campbell, Mrs. Oscar Johnson, Mrs. L. Moore, Mrs. C. A. Parsons, Mrs. O. A. Hull, and Miss Jessie B. Lee.

Leo Armstrong and family have moved from north of Orange to the Nutwood tract.

E. A. Unland of Arlington, Nebraska, arrived last evening for a visit at the home of his brother S. G. Unland. Mrs. Unland and baby have been here for the past three weeks.

**NOTICE TO THE PUBLIC**  
I wish to notify my patrons that I have sold my transfer line, known as the Pioneer Truck Co., to the Santa Ana Transfer Co. I take this opportunity of thanking my customers for their patronage. All bills due are payable to the undersigned.

**R. L. REED, Manager,  
Pioneer Truck Co.,  
308 E. Fourth St.**

**Worms Cause of Your Child's Pains**  
A child, discomfited, breath, dark circles around the eyes, at times feverish, with abdomen swollen with sharp cramping pains are all indications of worms. **LOST**—One almondine garnet stone ring. L. H. Paughman.

## DRAMATIZATION AND PRESENTATION BOTH SUCCESSFULLY DONE

An extremely clever dramatization of "The Common Law," Robert Chambers' much-discussed novel of a couple of seasons ago, was given an excellent presentation at the Grand last night by an uncommonly able company of players. The dramatization of a popular novel is generally rather a disappointing affair, and it might be supposed that a novel of the type of "The Common Law" would present perhaps more than the usual difficulties. However, it has been successfully done, and the result is a sparkling comedy, retaining all the essentials of the novel, and a great deal of the brilliant fifty conversation for which Chambers' novels are known.

"The Common Law" is a story of New York studio life. Louis Neville, the only son of very wealthy and superlatively aristocratic parents, persists, in the face of much parental objection, in becoming an artist. Genuine talent and hard work make him unusually successful. His mother is horrified at most of his unconventional surroundings, and is petrified when in reply to her questioning he calmly admits that of course and of necessity his model is a shoddy type, refuses to accept Valerie's sacrifice, and it looks as if their ship of love must certainly go on the rocks, when it is discovered that Valerie is the daughter of Mrs. Neville's dearest school friend, Mrs. Neville, who openly confessed that she is not entirely without human emotions despite her frigid blue blood, takes the girl to her heart and home, and wedding bells are heard in the nearby future.

The part of Louis Neville is played by George Kelley, and it is played with charm and sincerity. Mr. Kelley is a more than usually attractive young actor in appearance as well as in manner. At times he is perhaps a shade too serious, and he has a rare pleasing smile that might be used a trifle oftener with good effect.

Virginia Berry, as Valerie West, is a delight. There is a winning girlishness about her, and she handles some of the difficult situations with much delicacy and refinement.

Renee Noel as Rita Tavis is one of the best things in the play. She has a sharp, clever, witty little face that perfectly suits the part. She, too, is a model, and has run hard against some of life's sharp corners, and it leaves her sympathetic audience in high good humor to know that she is to marry a perfectly respectable young artist who was born in Massachusetts.

Paul Bell plays Jose Querido so well that he is the despised villain from the moment he is introduced. His make-up is—probably appropriately enough—fairly suggestive of Mephistopheles. His quick, foreign gestures and his sudden smile that is not to be trusted, are perfectly done.

E. W. Wilson is John Burgeson, the artist who was born in Massachusetts, and he makes that young man very interesting and appealing one with his cough and his good humor.

Marie Dantes as Mrs. Neville is a most imposing dowager, whose change of heart changed her into something very human. Proof of her skill as an artist was her extreme unpopularity, until the end of the last act.

Jimmy, who was "just the janitor," may not have been very important, but he was so good that he was necessary, at least, and he was made very real by Frank Pierson.

Most of the comedy fell to the share of Edwin Davis, who, as Sam Ogilvie, was a joyous laugh from the time the first curtain rose upon him until the final one descended, leaving him standing meekly in a corner murmuring "Three cheers for mama" as the pompous Mrs. Neville clasps Valerie to her motherly breast. Sammy is perfectly mad about parties, and gives one upon every possible occasion, when he invariably loses sight of the water wagon, to keep up with which vehicle is the one struggle of Sammy's bright young life. Everybody loves Sam, and he bitterly complains that while all the girls are perfectly willing to kiss him, their kisses are the chaste and innocent salutes they would bestow upon a three-year-old infant. Whenever the situation grew a bit too tense, Sammy relieved it—all glory be to Mr. Davis, for his Sammy was real art.

**For Frost Bites and Chapped Skin**  
For frost bitten ears, fingers and toes; chapped hands and lips, chilblains, cold sores, red and rough skins, there is nothing to equal Bucklen's Arnica Salve. Stops the pain at once and heals quickly. In every home there should be a box handy all the time. Best remedy for all skin diseases, itching eczema, letter, piles, etc. 25c. ## NEW LONG BEACH CHURCH PLANNED AT COST OF \$100,000

LONG BEACH, Jan. 9.—The cornerstone of the new \$100,000 Congregational church will be laid Tuesday afternoon, January 20, at 2:30 o'clock by Jotham Bixby, the "father of Long Beach." Mr. Bixby recently gave \$25,000 towards the new church, which will be built at Third and Cedar, and when the Congregationalists of this city organized several years ago Mr. Bixby donated the present site, besides contributing liberally toward the frame edifice then built.

## WHITE SLAVERS HAUNT MORALS COURT FOR GIRLS

CHICAGO, Jan. 9.—Assistant State Attorney Malcolm B. Sterrett astonished Judge Hopkins' court yesterday afternoon by charging that agents of white slavers made it a regular practice to visit the morals court to procure girls. The attorney said he had been informed that it is unquestionably true that the practice exists.

## \$200,000,000 ALLIANCE WORKS FOR FREIGHT RATES

NEW YORK, Jan. 9.—Blast furnace operators from every part of the United States met here yesterday and organized the American Pig Iron Association. The membership comprises owners of plants valued at \$200,000,000. Joseph G. Butler, Jr., of Youngstown, O., was elected president. The aim of the association is to obtain equitable freight rates.

## WOULD HALT EMIGRANT FROM USELESS JOURNEY

WASHINGTON, Jan. 9.—His sympathy aroused by the fact that almost 20,000 poor emigrants, after having sold their little all to come to this "land of promise," were turned back at the door, because the immigration law found them unacceptable, Secretary Wilson of the department of labor is preparing to forewarn all such prospective immigrants and save them, if possible, from breaking old-home ties in a useless search for new ones.

## AT THE COURT HOUSE

# WATER USERS WIN IN FIRST COURT BATTLE

Big Irrigation Case Over Yorba  
Linda Rights to Be  
Tried Here

Francis J. Heney Appears in  
Superior Court Before  
Judge Thomas

The Yorba Linda landowners won the first legal round in the fight of the landowners against the promoters of the tract. Attorneys Haas & Dunigan, representing Jacob Stern, M. N. Newmark, H. W. Franks and the Janns Investment Co. interests, asked Judge Thomas to have the case transferred to Los Angeles county.

Attorneys Francis J. Heney and Carr for the water users opposed this motion for a change of venue, and quickly won a decision. Heney declared that the law was all his way on that point.

The next argument was upon a demurrer of the defendants, and a lengthy argument it has proved. Attorney Haas occupied up to within a few minutes of noon arguing that the complaint is indefinite and uncertain in many instances. Heney then began argument to show that the complaint is all that it should be.

The water users declare that the promoters of the tract so manipulated the stock of the water company that when the land was all sold off the promoters still had control of the water company, that a bond issue of \$175,000 was turned over to the Janns Investment Co. without compensation, and that the water users are called on to pay assessments to pay interest on those bonds.

Attorney Haas argued this morning that the stock of the company was raised and the bonds issued before the property owners bought the land, and that with a trust deed on record to cover the bonds, the buyers were legally presumed to be informed of the situation. He said the company has the legal right to make assessments.

There is little probability that a ruling on the demurrer will be secured today.

**Husband to Pay**  
This morning Judge West ordered William J. Robinson to pay his wife, Emma Lottie Robinson, who is suing for divorce, the sum of \$25 a month alimony pending the outcome of the case and \$125 attorney's fees. C. S. Hardy, attorney for Robinson, presented a long affidavit by Robinson against payment, but the order was made. Williams & Rutan represented Mrs. Robinson, who with her children live at Tustin.

**Suit Over Pump**  
Charles H. Rockwell has brought suit against Jacob E. Schumacher to collect \$388.24, alleged to be due for work done repairing a pumping plant. Melrose & Ames are attorneys for the plaintiff.

**Marriage License**  
Frank Clarelli, 28, and Catherine Niles, 18, both of Talbert.

## PASADENA ASKS CONGRESS TO CLOSE THE ARROYO SECO

PASADENA, Jan. 9.—The city commissioners today will pass a resolution asking congress to close the Arroyo Seco to the public. Because of alleged contamination of Pasadena's water supply, and a report by Dr. Stanley P. Black, city health officer, that an epidemic of some kind might result if campers are permitted along the Arroyo stream, the commissioners believe that several hundred bungalows and camps in the Arroyo should be removed.

The support of congressman Charles W. Bell, in having the camp site owners ordered out of the Arroyo by congress, will be sought by city officials. Many of the campers have government leases and permits to use Arroyo property.

## ARGENTINE CORN COMING TO U. S. IN VAST LOTS

NEW YORK, Jan. 9.—Almost 300,000 bushels of Argentine corn are being unloaded in this port today and millions more from the South American republic are under contract. The importations are the direct result of the removal of the duty on the staple under the recent tariff act. More than 1,000,000 bushels have been received in the United States since the tariff went into effect.

## SICK, SOUR STOMACH, INDIGESTION OR GAS

"Pape's Diapepsin" Makes Up-  
set Stomachs Feel Fine in  
Five Minutes

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate indigestible food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress. Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

## GIRLS MARRY AT SAN DIEGO

Father Puts an End to Honey-  
moon by Bringing Daugh-  
ters Home

ORANGE, Jan. 9.—Yesterday C. G. Ramsey returned from San Diego with his two daughters. Concerning the matter in which they were involved, a San Diego paper says:

Charles G. Ramsey, a well-to-do farmer of Orange, hastened to this city yesterday on learning that his eldest daughter, Gertrude Emma, had been married. He had not been consulted, it appears, and therefore he made haste to investigate.

On his arrival he discovered to his astonishment and dismay that not only had Gertrude become a bride, but that his youngest daughter, Adelia, 15 years of age, had become enmeshed in the bonds of matrimony. Then Ramsey's ire arose. Trembling with indignation he called upon the police and the district attorney, threatening dire consequences for the bridegrooms in the case.

**Double Wedding at East San Diego**  
On Monday afternoon, in the tower at East San Diego, a double wedding took place, at which A. A. Schilling, the new justice of the peace, presided. He united in marriage Gertrude Emma Ramsey and R. M. Washburn and Adelia Ramsey and Ross John Zink. The double ceremony was witnessed by a large crowd and the justice, immediately after performing the ceremony, implanted a kiss on the ruby lips of each of the brides, who are exceptionally pretty.

The four drove away in an automobile—which machine, by the way, is the property of Ramsey pere—amid a shower of rice.

The quartet engaged rooms in the Aviation apartments, 2251 Brant street, but yesterday a large, dark cloud arose over the horizon of their happiness. Detectives Lopez and Brigrance appeared upon the scene and informed them that Ramsey was upon their trail.

The younger bride was engaged in cleaning house when the officers of the law showed up. Her sister was out at work and the two benedicts also were at work downtown.

**Charges Bridegrooms With Theft**  
Ramsey has declared that he wanted the two husbands arrested on the charge of stealing his automobile, for it seems that the quartet drove down from Santa Ana in the machine. The indignant father also wanted young Zink arrested for perjury, it being stated that he falsely swore that his bride was more than 18 years of age.

Mr. and Mrs. Zink were conducted to police headquarters and later to the district attorney's office.

It was decided finally that Mrs. Ramsey should be released and that the two husbands should remain in custody. The very newest ideas in Corsets. Come in and see them. Mrs. Cora B. Cavins, 408 N. Main St.

## Maximum Hot Water Bottles

Maximum Hot Water Bottles are made of new, live red rubber—as soft as an old glove. They give the utmost service and are guaranteed under the Rexall Plan for two years. They come in two sizes and have non-losable stopples.

You can buy Maximum Rubber Goods in Santa Ana only at

Prompt Service. Right Prices. **The Rexall Store** Formerly Wheeler & Mateer.

106 West Fourth St., Santa Ana, Cal.

## WATER USERS ELECTED TWO

Annual Meeting of Yorba Linda  
Water Company Was Full  
of Fight

YORBA LINDA, Jan. 9.—There was a hot fight at the annual meeting of the stockholders of the Yorba Linda Water Co., held at the office of the Janns Investment Co. in Los Angeles last Monday.

The alignment of the water users on the one side and the Janns people, holding a large amount of stock, on the other was shown in the selection of directors and in the vote on a resolution to instruct the company's attorneys to proceed legally to have the \$175,000 bond issue of the company cancelled.

The water users are suing the promoters of this tract and the Yorba Linda Water Co. in the courts of the county. In that action it is charged that the promoters manipulated to keep control of the water company, and issued the bonds without compensation.

In the meeting Monday an effort was made by the Janns forces to prevent the acceptance of proxies from many of the Yorba Linda landowners.

However, the proxies were accepted, and the water users got two men, I. B. Welch and I. S. Beal, on the board of directors. The Janns interests elected five, Jacob Stern, M. N. Newmark, H. W. Frank, Edwin Janns and Harold Janns.

The water users opposed a proposal to sell more treasury stock.

C. H. Seamans, secretary of the Yorba Linda Water Users Association, which is financing the fight against the promoters, moved the adoption of a resolution declaring that the bond issue was fraudulent in that no compensation was received, and that the company take action in court to annul the issue. Every water user voted yes on the motion, and the Janns stock was all voted no.

## FORD PLAN IS 'VARSITY SOCIOLOGICAL TOPIC

DETROIT, Jan. 9.—Detroit bankers have figured that the government will lose almost \$600,000 in income tax by the transfer by the Ford Motor Company of \$10,000,000 to the workers.

Before leaving Wednesday for New York to attend the automobile show, Mr. Ford denied there was any foundation whatever for the rumors current in New York that the Standard Oil Company has purchased the Ford Motor Company and will take it over within two years.

The probable results of Mr. Ford's plan is the subject of much speculation among the professors of economics and members of the faculty of the department of the University of Michigan. Members of the faculty discussed the probability of the plan being able to command a better grade of labor at the increased wages.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

## Maximum Fountain Syringes

This is your chance to turn in your old instrument and secure one that is guaranteed 2 years. Bring your old one in today.

## BEACH TEAM IN THE LEAD

(By Bruce Wallace.)

Steady, consistent team-work won the semi-final match in the county basketball championship for Huntington Beach. Orange is out of the race now, with the beach town left to fight it out with Anaheim for high honors. The game was played on the Poly High field under the management of the Santa Ana High School, and turned out quite a financial success. The deciding game will also be played here at an early date.

The first half of the game was about as fast an exhibition of basketball as has been seen here this year. Orange started out with a rush and piled up a good start before the Huntington Beach huskies got under way. But when the beach boys woke up they came back like a steam-roller and before long they were fighting on even terms. Joe Livernash of Huntington Beach was the scoring unit for the victors during the first half. He took several long chances and most of them made good.

Orange's passing was weak and high. Time and again the passes were intercepted, the ball fed to the beach forwards and then—two more points. The half ended with the score 16 to 10 with Huntington Beach in the lead.

Orange came back with a stubborn resistance for the second half,

but was forced continually on the defensive. The team as a whole went to pieces, although some of the players continued to play spectacular ball. Watson was the bright light for the losers.

The second half did not show the class that was witnessed in the first of the game. Orange was lucky with several long shots, and fouls called for a few more points, but all this time the Huntington Beach team was scattering with the ball in their possession, and then someone would be unguarded for a second and the score would jump two points. After the game was well in hand the beachers caught the fever and took half a dozen long chances, only a few of which were successful. Luck was kind in the sensational plays throughout the whole game, however.

McClintock, the Huntington Beach center, played a fast, smashing game the last half, and as a rule had the better of the jump. The final score totaled, Huntington Beach, 33; Orange, 25. The teams:  
Huntington Beach—Livernash, forward; McClintock, center; Helm, Lynn, guards.  
Orange—Parks, Brubaker, forwards; Thompson, center; Watson, other, guards.

## 3 DEAD, 12 HURT IN TRAIN WRECK AT CORDELE, GEORGIA

ATLANTA, Ga., Jan. 9.—Three are reported killed, with twelve injured, in a wreck on the Georgia Southern & Florida railroad near Cordele, Georgia. President J. B. Munson of the road is reported as having been badly bruised when his private car, attached to the train, overturned.

TWELVE PAGES TODAY

## HOLD BANQUET TUESDAY EVE

Recently Organized County Association to Consider Important Subjects

On next Tuesday evening, Jan. 13, the newly organized Real Estate Association of Orange County will hold an important meeting in this city. Practically every real estate agent in the county is a member of the new board and is expected to be present at the meeting on Tuesday evening. The gathering will be at Young's Cafe, on North Main street, and needless to say, the banquet will be an attractive feature.

After disposing of some matters of business, the consideration of pertinent topics will be taken up. "The Coming Multitude" will be J. H. Schooley's subject, having special reference to the new immigration beginning with the opening of the Panama canal.

"What has Orange County for the New Immigration?" will be presented by S. M. Craddock of Orange.

"Along Orange County's Coast Line" will be given by Supervisor T. B. Takert of Huntington Beach, and D. R. Cokeley of Fullerton will introduce the subject of "Orange County and the Expositions," dealing with the benefits this county should receive from its location between the exposition cities.

L. A. Evans of Anaheim will explain the "Torrens Land Law Referendum." The speakers will be limited to ten minutes each.

The County Association intends to co-operate with the State Immigration Commission in dealing with the immigration problem and the interests of Orange county. The coming together of the realty men of the county in a strong organization ought to be a potential factor in the further development of our county. J. R. Schooley is the president and W. Frank Harris the secretary.

## MOTORCYCLE RACES SUNDAY

Next Sunday afternoon motorcycle races are to be held on the Santa Ana race track, and those back of the affair promise that there will be a program of good events for those who like to watch speed.

The Indian camp is not saying anything, but the supposition is that "Fearless" Chas. Balke will be here from Los Angeles with his string of racers that he has brought out from the East to try to get some of the world's records. He is riding the 8-valve Indian machine. The Excelsiors are trying to get machines ready to fill in with, that will make it interesting. The Merkel will compete in one or two events. The Pope and Thor will be represented.

The track is being put in fine shape so without any more rain it will be in the best of condition.

The races will be called promptly at 2 o'clock and will be run off without any delays. They will be full of thrills and bursts of speed.

## MARCONI TALKED BY WIRE—LESS PHONE OVER OCEAN

PARIS, Jan. 9.—The temps reports that Signor Marconi, the wireless inventor, has been able to talk for a half hour over his wireless telephone from Clifden, on the west coast of Ireland, to Glace Bay, on the shore of Cape Breton Island, Nova Scotia. No confirmation of this report has been obtainable.

## \$21,500 DAY'S RED CROSS RELIEF GIFT

WASHINGTON, Jan. 9.—The American Red Cross Wednesday remitted \$21,500 for the relief of human suffering to widely separated parts of the globe. Five thousand went to Bulgaria, five thousand to the famine stricken districts of Japan and the remainder to Mexico.

TEN OIL TANKS BURN AT TAFT TAFT, Jan. 9.—Ten tanks at the oil tank farm here burned yesterday. The fire threatened to spread and considerable damage was done.

## SEATTLE HAS LOWEST DEATH RATE IN U. S.

WASHINGTON, Jan. 9.—Seattle has the lowest death rate of any city in the country, 8.8 per 1000, according to census statistics for 1911, made public yesterday. Albany and New Orleans have the highest rate, with 20.4 per 1000.

Washington state has the lowest rate, 8.9; New Hampshire the highest, 17.1. Suicide is more popular in San Francisco than elsewhere, and violent deaths are more common in Memphis, Tenn., than in any part of the country.

## BALCOM SELLS BANK INTEREST

Well Known Fullerton Man Receives \$75,000 for Stock and Home

FULLERTON, Jan. 9.—Col. J. E. Jones of Michigan, a banker of many years' experience, has purchased the interest of B. G. Balcom in the First National Bank of this city at a given price of \$75,000, which includes Mr. Balcom's handsome new home recently completed here.

Jones will succeed Balcom as president, but Balcom will continue as one of the directors, as he is trustee of the stock held by the L. M. Seger estate. For the present E. E. Balcom, son of President Balcom, will continue as cashier of the bank.

Balcom owned about 40 per cent of the stock. He has been president of the bank since it was organized in 1895 with a paid-up capital of \$25,000. The deposits during the first year were only about \$40,000, while today the deposits in the First National Bank and in the Fullerton Savings Bank, the latter being owned by the First National, are about \$600,000.

The paid-up capital of the First National Bank is \$50,000, and it has a reserve fund of \$35,000, and the paid-up capital of the Fullerton Savings Bank is \$25,000 and it has a surplus of \$10,000.

The First National paid a dividend last year of 17 per cent, which makes its stock valuable. Mr. Balcom will reside here for some time and will be found in the bank.

Jones has gone east to wind up his business affairs, and he will return here with his family about February 15. He comes to Fullerton highly recommended as a banker, a good mixer and a successful business man.

Rented for \$100,000 C. C. Chapman, William Loftus and B. G. Balcom of Fullerton and the Canfield estate of Los Angeles have rented their 3500-acre tract southwest of Calexico to a new corporation that is now being formed in San Francisco for a period of five years at a rental of over \$100,000 for the five years. With the exception of 139 acres, all of the land is just south of the line in Mexico. The entire tract will be planted to cotton, and if there is no reduction in present prices, it is estimated that the new corporation will make at least \$150,000 net during the next five years after paying the rent and all other expenses.

J. B. Bergez and wife have returned from a six months' visit to France. This was their first visit to the old country in twenty-two years. They report a most enjoyable trip. Mr. Bergez says the walnut trees of France are not cared for and that many of the trees have the appearance of being at least 100 years old. He says the production could be greatly increased over there if young orchards were set out and had the care that is given the California groves.

The California Vegetable Union shipped the first three carloads of new-crop cabbage from Nutwood this week, paying the growers \$18 per ton net. The cabbage crop is looking well and the output in this end of the county is estimated at 200 carloads.

A. McAulay and Frank Copp have formed a partnership and will engage in the undertaking business in Fullerton.

## EMBROIDERY CLUB'S PLEASANT AFFAIR

(By Staff Correspondent) ORANGE, Jan. 8.—The Wednesday Afternoon Embroidery Club enjoyed a pleasant gathering yesterday at the home of Mrs. William Faerber on South Glassell street.

Nine members of the club were present and passed the afternoon as usual with fancy work, while the hostess entertained them with a few piano selections.

At 4:30 p.m. a tasty luncheon was served, after which the club adjourned to meet again in two weeks with Mrs. A. R. Hoefer, at 620 South Orange street.

The Orange High School basketball team lost the county championship in a fast game with Huntington Beach High School, played on the Santa Ana Polytechnic court yesterday afternoon. The score was 33 to 25.

The game was played before a large crowd and was hard fought from start to finish. The winner will play Anaheim high school for the finals, next Wednesday afternoon at the same place.

Mr. and Mrs. Samuel Hulen of Long Beach, who have been visiting at the H. F. Dalrymple home since last Saturday, have returned home, taking with them Mrs. P. Cameron, who will remain for a week's visit at the beach.

Mr. and Mrs. E. S. Palminter were guests at a 6 o'clock dinner in Los Angeles Tuesday evening, returning home yesterday.

Mr. and Mrs. C. Gallagher and son, of Milwaukee, Wis., who are spending the winter in Southern California and have been visiting at the H. F. Dalrymple home for two weeks, have gone to Santa Monica for a visit. The Foothill Valencia Growers' Association has opened its packing-house here and started packing navel oranges. The season will now be put in full swing and regular shipments will be made.

C. O. Fields and family, William Varcoe, C. C. Youngs and family, C. L. Conway and family are spending some time in their cabins in the Santiago canyon, while planting the crops on their hay leases on Sycamore Flat. Varcoe and Youngs are working one lease, while Fields and Conway are located on another lease, near by.

## Clothcraft and Hirsh-Wickwire

All wool clothes will be included.

Scientific tailoring itself has put about \$3.00 worth of clothes value into every \$2 asked for these clothes at regular prices, and now we are to include them in this "money-working - overtime" sale.

Here's an example for the head of the class—figure it out, and you will find you are getting about \$2 in value for every dollar you spend at this sale.

## Change places with us for a short time and you will know why we have forgotten about profits.

The weather man has been kind to you in one way, while he has been very unkind to us—he has made it possible for you to save money, while making it necessary for us to take the loss.

Berating the weather man will do us no good—we must take our medicine—we must get money out of the merchandise that was bought to serve you in cold weather—there will be cold weather, but unfortunately we cannot wait for it—we have too many winter goods to sell.

Prices must tell the rest of the story and we intend to make them WORK overtime—THREE DOLLARS WILL DO THE WORK OF FOUR (for you) from now until our stocks are in the cash drawer.

## Nuff Sed---Here's the Story in Figures:

## VANDERMAST & SON

110 East Fourth Street

## EAST CENTER STREET WORK IS COMPLETED

ANAHEIM, Jan. 9.—The paving of East Center street from the Santa Fe station to the city limits was completed yesterday, and the L. A. Paving Company, contractors, announced that the railroad crossing would be finished today and the road thrown open to traffic.

E. R. Werden, general manager of the company, has been supervising the work and has had a large force of men working early and late, as this is one of the main traveled thoroughfares in the city and traffic has been greatly inconvenienced since it was closed. The work has cost approximately \$14,000.

### ANNOUNCEMENT

—Dr. J. W. Shaul will be in his Los Angeles office forenoon; Santa Ana office, 2 to 5 p. m., and by appointment.

## OFFERS REWARD FOR ARREST OF THE MAN

SEWTELLE, Jan. 7.—The town council has offered \$50 reward for the arrest and conviction of the person who tampered with the town's fire engine on Friday night just before the fire was discovered that destroyed the shack occupied by David Yarnall, a Civil War veteran, burning Yarnall to death. Yarnall, on the day of his death, had drawn his quarterly pension. But \$20 was found on his body. Two days before Yarnall's death, the shack occupied by W. G. Wheeler was burned and Wheeler was burned to death. Edwin J. Cook, Wheeler's nephew, has been arrested and will be arraigned tomorrow on the charge of grand larceny growing out of his alleged possession of articles said to belong to Wheeler.

Problem Solved at Sacramento SACRAMENTO, Jan. 9.—Solution of the unemployed problem is seen here in the decision of the supervisors to begin construction work on the Sutter Creek levee. Employment will be given to 200 men.

**TO BUILD DEPOT WITHIN SHORT TIME**

Lot at Orange is Being Cleared  
—P. E. to Put Up Structure

ORANGE, Jan. 9.—William Peterkin is moving a house from the south-west corner of Lemon and Maple streets. This lot belongs to the Pacific Electric, and was bought as a site for a depot. Peterkin bought the house to move with the stipulation that it be moved within thirty days. That indicates that the P. E. will build its depot immediately.

The Orange committee is making preparations for a big celebration on Jan. 31 to mark the opening of the P. E. road into Orange. A street fair, speech-making and a banquet to the electric road officials are programmed.

**ROBINSON HAS SOLD FIVE OF SIX HOUSES TO MEXICAN PEOPLE**

On East First street beyond the Santa Fe is a group of houses and a store building erected by P. A. Robinson. There are six structures in the group, and five of them have been sold by Robinson to Mexicans. In one building a store has been started by recent arrivals from Albuquerque, N. M. The houses are from four to six rooms each. Mr. Robinson believes that the manner in which the purchases are handled will work out well for the Mexicans.

**Only One "BROMO QUININE"**  
That is LAXATIVE BROMO QUININE. Look for the signature of E. W. GROVE. Cures a Cold in One Day. Cures Grip in Two Days. 25c.

**THE McPHERSON HOUSE WORKS FULL FORCE**

Orange News: The McPherson Heights Citrus Association began its packing season on Monday of this week and is sending forward an average of two cars per day.

The association this year controls 500 acres, as against 300 last season. Manager Post estimates that it will ship 80 cars of navel and sweets and 150 car of Valencia, as against a total of 155 of all kinds shipped last season.

**NOSE AND HEAD STOPPED UP FROM COLD OR CATARRH, OPEN AT ONCE**

My Cleansing, Healing Balm Instantly Clears Nose, Head and Throat—Stops Nasty Catarrhal Discharges. Dull Headache Goes.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone!

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

California Mountain Is Shipped Across Country

A whole mountain of earth is being sent East from California via the Southern Pacific. It is situated near Lompoc, but the state of Pennsylvania wants it and is willing to pay the price for it, so that it is being shipped a matter of three thousand miles by rail at the rate of fifteen cars, or seven hundred and fifty tons, a month. When the last car has gone out an accurate indication will be had of what a mountain actually weighs.

The earth is of a very peculiar consistency, and is supposed to be the result of gradual decomposition for ages past of millions of sea shells. For commercial use, the only process it goes through is grinding. It is sold in the East as infusorial earth and has high value for insulating purposes in the electrical industry.

The grain of the earth is exceedingly fine and there is no grit, so that much of it finds its way into jewelers' shops as a polish. In weight, it is very light and fluffs like feathers. The color is white.

What other uses will be developed for this California earth are a matter of conjecture. Many uses are being found for it daily. The supply at Lompoc is of large dimensions, handily located along the tracks of the Southern Pacific on the branch that runs from the coast line at Surf. As yet the principal demand is in Pennsylvania, but there is no doubt that a market for it will develop in other Eastern and Middle West centers and on the Pacific coast.

ANAHEIM IS TO MAKE ICE

**Plant is Assured—Local Men Will Operate and Manage the Business**

ANAHEIM, Jan. 8.—The National Bonding Company of Los Angeles, through its representative, Mr. Van Allen, has met with such success in interviewing the leading merchants relative to the erection of a large ice and cold storage plant in this city that the proposed improvement seems a certainty.

Although the company will finance the project to a large extent, it will be managed and controlled by local men. It is expected that between \$15,000 and \$20,000 will be expended by the company in the erection of the buildings and the installation of the machinery which will embrace modern features throughout.

Construction work will commence as soon as definite arrangements can be made with regard to a suitable location, as it is their intention to have the plant in operation for the summer demands. Up to date all of the citizens interviewed by Van Allen have expressed themselves as being heartily in favor of the plan, as a cold storage plant has long been one of the needs of the city and all of the ice used has been shipped in from other sources.

**BUILDING PERMITS ISSUED DURING THE PAST WEEK**

To W. H. Brooks, one-room building at 417 East Second, \$50.

To M. R. Heninger, with W. T. Elliott contractor, seven-room residence on South Birch, \$2500.

To Margaret H. Cox, with W. T. Elliott contractor, seven-room residence at 801 South Birch, \$2,000.

To John Hutchins, with L. F. Anderson contractor, five-room residence at 1011 West Second, \$800.

To F. N. Anderson, with G. L. Smith contractor, residence at 710 Richland, \$2,000.

To same, repairs at 317 West Fourth, \$500.

To W. T. Mitchell, five-room house in 1200 block on West Fourth, \$1150.

To E. C. Frambles, four-room house at corner French and First, \$1000.

To Flora E. Loucks, with R. S. Sumner contractor, 12-room apartment at 114 South Broadway, \$3800.

To A. R. Hervey, with G. E. Preble contractor, sleeping porch at 1209 Spurgeon, \$200.

**BUILDING ON CORNER CONTRACT IS \$10,675**

Charles F. Smith has let the contract for the one-story brick building to be erected at the northeast corner of Third and Main streets to E. W. Smith for \$10,675. The basement for this building is almost completed.

**R. S. SUMNER BEGINS APARTMENT HOUSE**

This week R. S. Sumner began work building a \$4,000 apartment house for Mrs. Flora E. Loucks on South Broadway near First street. The house will be an attractive one in appearance, and great care has been gone to make the arrangement of the interior convenient. Sumner has just completed building an addition to Judge Thomas' house.

**POSTOFFICE BUSINESS SHOWS BIG INCREASE**

Fullerton Tribune: Postmaster Edwards has just completed his report, which shows that the cash receipts of the office for the year ending Dec. 31, 1913, were \$12,889.50 against \$11,846.02 for the year ending Dec. 31, 1912. The net gain is \$1043.51, which makes a good showing for this city.

This is a great record considering the fact that postoffices have been established at Placentia, Yorba Linda and Brea during the past year or eight months. All of these places formerly received their mail through the Fullerton office.

**LESS MEAT IF BACK AND KIDNEYS HURT**

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish; clog up and cause all sorts of distress; particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jod Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jod Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease. Advertisement.

**CANNING TOMATOES PACKED IN JANUARY**

Placentia Courier: The Placentia Canning Company this week began canning what is practically the third crop of tomatoes this year. The recent hot spell has ripened a lot of tomatoes and they are coming in fast and have proved to be fine tomatoes.

The Placentia cannery has proved a record breaker in many respects. It doubled its capacity within thirty days after starting; it has a new and superior process of canning its products; has a new process invented by its manager, Mr. Stevenson, for the canning of oranges, producing a product that is equal in flavor, color and taste to the original. Because of this fact and the large amount of products produced in this section, it will run practically all the year round. The packing of oranges will begin shortly.

Correctly fitting glasses are made by Dr. Loersch, 116 East Fourth.

—Dr. Claycomb cures chronic.

Are You Looking for a Safe, Sure, Highly Profitable Investment?

The Chase Highway Crossing Signal

Then come in and let us show you how a small amount invested in a sound manufacturing enterprise will absolutely assure your future independence. We are offering for a few days a limited amount of the capital stock in

**One of California's Greatest Inventions**

The Chase is the only crossing signal that gives absolute protection. It has long since passed the experimental stage. It has been in actual use for the past two years on leading railroads in Southern California and is unqualifiedly endorsed by other railroad officials as the only perfected signal.

The people of Santa Ana and vicinity have shown their keen appreciation of the merits of the Chase Automatic Highway Crossing Signal and of the most extraordinarily good, safe and largely remunerative investment offered them by the Chase Signal Company by liberally buying its capital stock. At the rate this small allotment of stock is now being sold it will necessitate prompt action on your part to avail yourselves of this unparalleled opportunity.

With us it is not a question of finding buyers for the Chase Signal. The demand for them is here and all that is needed is the capital to manufacture them in sufficient quantities to supply this demand.

In order to secure capital to equip a factory to manufacture Chase Signals we are offering to sell a limited amount of stock in our company. This offering of stock is limited to enough shares to accomplish the purpose stated—obtaining and equipping our factory. Even a superficial investigation on your part will prove that at last a real opportunity to make a highly profitable investment is open to you.

**Here is a Rare Opportunity for Investors to secure an interest in a big money making manufacturing proposition**

# CALIFORNIA METAL MINE PRODUCTION FOR 1913

## Preliminary Figures Show Increase Output in All Metals

California shows an increase in output of gold, silver, copper, lead, and zinc in 1913, compared with 1912, according to preliminary figures compiled by Charles G. Yale, of the United States Geological Survey. The mine figures for 1912 were \$19,713,478 in gold and 1,390,136 ounces of silver; the estimates for 1913 indicate an output of gold valued at \$20,013,374 and 1,606,261 ounces of silver, an increase for 1913 of \$299,896 in gold and 306,125 ounces of silver. There are about 1100 producing metal mines in the state, and the deep mines are yielding about 2,700,000 tons of ore annually. It is probable that the increase in gold has come mainly from the deep mines, while the added quantity of silver has come from increased output of copper and lead-silver ores.

The producing deep gold mines of the state, which yield about 56 per cent of the total gold output each year, are between 450 and 500 in number and are situated in 26 counties. They have nearly 200 reduction plants, with a daily capacity of over 12,000 tons. The largest production from this source is derived from the five Mother Lode counties, where about 1,300,000 tons of ore are annually treated with an average recovery of 3.70 a ton. During the year 1913 several of the old mines along the foothills and in the mountain counties have been reopened and equipped after lying idle for years, and new "prospects" have been opened. It is a matter of encouragement to deep mining that the two deepest mines in the state—in Amador county—are in excellent ore and are in a prosperous condition. The Kennedy, at Jackson, is producing good ore from a vertical depth of 3600 feet,

capacity and efficiency, thereby reducing costs. Dredge No. 14 of the Yuba Consolidated Goldfields, an all-steel dredge and the largest in California, was built during the year and started work on December 16, 1913. This machine has buckets of 16 cubic feet below the water line and pile tailings 40 feet above water line. Another dredge of this company, at work for two years past, handles from 9000 to 10,000 cubic yards daily. During the year one dredge has been moved from Oroville to American River, and another from the same place has been rebuilt on Mokelumne river. Dredge No. 7 of the Natomas Consolidated has been rebuilt and put into operation. In the early part of the year some prospecting for dredging ground was done in Humboldt county, and prospecting operations are now being carried on along Trinity river and on Coffee creek in Trinity county. It seems probable that several dredges will be installed in small areas along Trinity river. The larger dredging companies have during 1913 been making experiments to perfect the gold-saving features of the dredges, and notably for handling the "black sands," which carry much very fine gold, a good deal of which is now lost in the mining operations. So far, however, no developments of great importance have resulted. In extensive operations it seems difficult to determine the exact point where the saving of fine gold is of sufficient commercial importance to justify extra machinery, extra handling of material, or slower operating speed.

Dredging has the advantage over most forms of placer mining that it requires less water in proportion to the quantity of gravel handled, and dredge miners are not materially affected by "dry seasons," which occur occasionally in California. The winter of 1912-13 was very dry and there was a scarcity of water for mining operations. As a result the output of the hydraulic, drift, and surface placer mines of the state was restricted. The hydraulic mining industry suffered most and many of the mines had only a few weeks' water supply to wash the gravel, and others only a few months' supply. Extensive operations in hydraulic mining are now largely confined to the northwestern counties of the state, where there are no legal restrictions compelling the miners to impound their debris or tailings, as there are in the central counties, in the drainage basin of Sacramento and San Joaquin rivers. But even in Siskiyou and Trinity counties no new operations of magnitude have been begun during 1913, although a number of smaller mines have been started up or equipped for work for this winter. The hydraulic mines now produce only about 8 per cent of the placer-gold yield in California, and it is difficult to interest capital in them, though there are large unworked areas for hydraulic mining in many counties. The drift-mining industry of the state is even less prosperous and very few of these mines have been opened during 1913. Only about 4.50 per cent of the placer gold has come from the drift mines in late years, whereas they formerly yielded 10 to 15 per cent. The necessity of running long tunnels to reach the auriferous gravel lying beneath the lava-capped divides involves considerable investment before profits may be expected. Some of these mines, however, are paying their owners well after preliminary work has been done. The surface or sluicing mines of the state are now of small moment compared with other forms of gold mining. Most of the available ground has long since been worked out, and it is only in small areas that work of this class is being carried on, mainly by foreigners.

Contrary to expectation the copper output of California in 1913, according to preliminary estimates, exceeded that of 1912, when the mine production was 33,451,672 pounds. The estimate for 1913 shows an output of 36,700,430 pounds, an increase of 3,248,758 pounds, notwithstanding continued agitation by farming communities against the damage claimed to be done by smelter fumes and the fact that several of the larger copper smelting plants, idle from that cause in 1912, still continue unproductive. The largest copper mine in the state, the Mammoth, of Shasta county, continues mining and smelting and it is generally understood that fume damage has not been as great as represented. The Bully Hill mine, also in Shasta county, is still experimenting with a leaching process for its zinc ores, but produced no copper in 1913. The Balaklala mine, in the same county, has been shipping small lots of ore to another smelter, but its reduction plant has been idle during 1913. This company is now considering the shipment of its ores by rail from Shasta county to San Francisco and thence to the smelter at Tacoma, Wash. Some ore will also be shipped from the mine to the Mason Valley smelter in Nevada. The Mountain Copper Co. of Keswick, Shasta county, ships the ore from its mines by rail to its smelter on the shores of San Francisco Bay. In the old Iron Mountain mine of this company extensive bodies of low-grade copper ore have been discovered, and plans have been made for a large concentrating plant to be erected at the mine, the concentrates to be shipped to the smelter of the company.

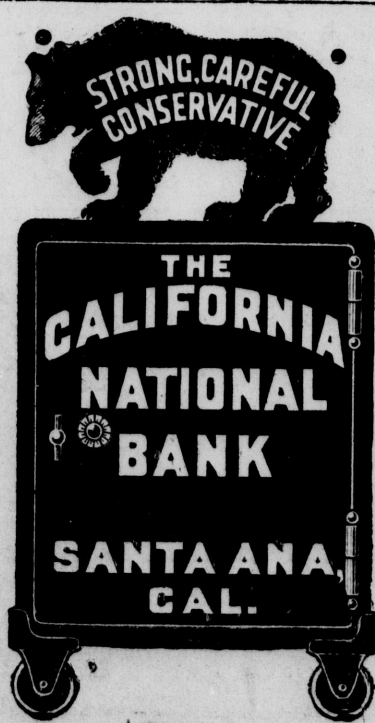

In zinc mining an advance in output is also shown, though it is small. In 1912 the mine report showed a yield for California of 4,345,591 pounds. Most of this zinc comes from the old Cerro Gordo mines, of Inyo county, formerly worked for silver-lead ores.

## SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Thickness

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—Advertisement.

# NOTICE to HOUSEKEEPERS

Desiring to serve its subscribers, the Santa Ana Daily Register has contracted for a large number of the E Z VACUUM CLEANER—a number large enough to supply all its subscribers who may want this "Housekeeper's Delight," and at a price

**Less Than Half the Regular Retail Price**

All that is necessary in order to get a

**\$12.50 Vacuum Cleaner for \$5.40**

is that you be or become a subscriber for the Santa Ana Daily Register.

No Electricity, no Brush to wear out your floor covering.

Get rid of the dust entirely by using an E Z Vacuum Cleaner. The E Z combines all the good points of the electric cleaners and has none of its drawbacks. It works like a carpet sweeper; no harder to operate, simple in construction, and takes out all the dust and dirt. It means a saving of energy, and insures sanitary floors and carpets.

**\$12.50  
Vacuum  
Cleaner  
for  
\$5.40**

The E Z has a stronger suction than any other cleaner and gets not only the surface dirt but also the dirt that is in and beneath the floor covering.

Use an E Z Cleaner and have a sanitary home. You want a cleaner that is always ready, that you can handle yourself. A child can operate the E Z Cleaner.

**\$12.50  
Vacuum  
Cleaner  
for  
\$5.40**

## Application Blank

Vacuum Cleaning Department  
Santa Ana Register:  
Please have your representative call and demonstrate the E Z Vacuum Cleaner.  
Name .....  
Address .....

This Cleaner was never sold for less than \$12.50. You may get one for \$5.40 by subscribing for the Daily Register for six months at the regular subscription price of 50c per month.

Phone and we will gladly give you a free demonstration at your home. We wish to show you what the machine will do on your own carpet. We cannot think of a better way to prove the merits of this truly wonderful cleaner.

**NO ELECTRICITY NEEDED—NO BRUSH TO WEAR OUT YOUR RUGS AND CARPETS**

## WESTMINSTER NEWS BUDGET

WESTMINSTER, Jan. 9.—Rev. A. Inwood, superintendent of the San Diego district, preached and presided at the quarterly conference on Friday evening at the Methodist church. Chas. Smithling and wife and S. Huey and wife, spent New Year's Day at Seal Beach.

Mrs. Pansy Knoll spent the weekend at her home in the city. Harrison Frost and wife came home Friday from a two weeks' stay with their daughter, Mrs. F. Watrous, near Palmdale.

Mrs. J. O. Cavanah went north over the Southern Pacific on Sunday for her school at Riverdale, after spending two weeks here with her family. Geo. Abbott and wife were Sunday visitors with their daughters, Mrs. Harry Richards, in Los Angeles.

Joe Walton, wife and daughter, were New Year's guests at the Jacob Walton home in Huntington Beach. Among those attending the Tournament of Roses in Pasadena on New Year's day were Rev. L. W. Moore and wife, Mrs. C. B. McKee and children.

Rev. W. T. Wardle was a Los Angeles visitor on Wednesday. The Woman's Home and Foreign Missionary societies of the Methodist church met in an all day meeting at the James Upton home on Thursday.

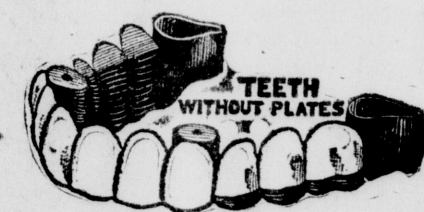

Lloyd Edwards and O. J. Day and wife spent Sunday with J. H. Edwards and family in Santa Ana. Mr. Forest Harris and wife of Santa Ana spent the weekend with Mrs. Harris' parents, Mr. and Mrs. J. A. Murdy, and family.

**POLAR EXPLORING  
EXPEDITION WILL  
INCLUDE 3 WOMEN**

COPENHAGEN, Denmark, Jan. 9.—Dr. Urosov, well known as an Arctic explorer, will start this month for the polar seas. His purpose is to make scientific investigations and also to reach the north pole. The party will include three women, the first, with the exception of Mrs. Robert Peary, to go on a polar expedition. There also will be a physician and two zoologists in the party.

Better buy a Buick than to wish you had.

## Drs. Rossiter & Paul, Painless Dentistry

with us means just what the words say. Dental work of all kinds—filling, extracting, crowning and bridging with the pain left out.

We are specialists in extracting. When your dentist tells you your tooth is so bad you had better go to a specialist in Los Angeles, come to us. We make a specialty of extracting difficult wisdom teeth. None too difficult for us.

# A Potpourri of News and Views

From the Los Angeles Financial News

## What We Raised This Year

Practically five billion dollars was the value of the fourteen principal farm crops grown in the United States this year. The Department of Agriculture in its final estimate gives the exact figures at \$4,940,301,000. Here is what the crop report of the Department says:

With the most valuable crops of corn and cotton ever produced and the second most valuable oat crop, the value of the nation's fourteen principal farm crops this year aggregates the enormous total of \$4,940,301,000. This is an increase of \$182,958,000 over the value of the same crops last year and of \$350,772,000 over those of 1911, based on the prices paid to farmers December 1.

The total value of the annual products of the farm is estimated at about \$3,000,000,000 annually.

The acreage of the crops is equivalent to a farm one-seventh the size of Continental United States. The exact area planted to these fourteen crops, which is more than 95 per cent of the total of all crop area, was 299,433,000 acres, an increase of almost 5,000,000 acres over last year's area and of more than 2,000,000 over the 1911 area. More than one-third of the total acreage was planted to corn.

For the crops as a whole the average production an acre was valued at about \$16.50. The corn crop averaged \$15.96 an acre; cotton, \$22.19; sugar beets, \$59.64; wheat, \$12.14; oats, \$11.44; sweet potatoes, \$68.60; rice, \$26.68; potatoes, \$62.10; tobacco, \$100.39; and rye, \$12.84.

Final estimates of acreage, acre yield, total production, farm value per bushel December 1 and total value of fourteen of the principal farm crops of the United States, as issued by the Department of Agriculture, are as follows, three final figures being omitted in acreage, total production and value:

Corn—Acreage, 105,820; acre yield, 23.1 bushels; total production, 2,446,988; farm price, 69.1 cents; value, \$1,692,092.

Winter wheat—Acreage, 31,699; yield, 16.5; production, 523,561; price, 82.9 cents; value, \$433,995.

Spring wheat—Acreage, 18,480; yield, 13.0; production, 239,819; price, 73.4 cents; value, \$176,127.

All wheat—Acreage, 50,184; yield, 15.2; production, 763,380; price, 79.9 cents; value, \$610,124.

Oats—Acreage, 38,399; yield, 29.2; production, 1,121,768; price, 39.2 cents; value, \$439,596.

Barley—Acreage, 7,499; yield, 23.8; production, 178,189; price, 53.7 cents; value, \$95,731.

Rye—Acreage, 2,557; yield, 16.2; production, 41,381; price, 63.4 cents; value, \$26,220.

Buckwheat—Acreage, 805; yield, 17.2; production, 13,833; price, 75.5 cents; value, \$10,447.

Flaxseed—Acreage, 2,291; yield, 7.8; production, 17,853; price, \$1.20; value, \$21,399.

Rice—Acreage, 827; yield, 31.1; production, 25,744; price, 85.8 cents; value, \$22,090.

Potatoes—Acreage, 3,668; yield, 90.4; production, 331,525; price, 68.7 cents; value, \$227,903.

Sweet potatoes—Acreage, 625; yield, 94.5; production, 59,057; price, 72.6 cents; value, \$42,884.

Hay—Acreage, 48,954; yield, 1.31 tons; production, 64,116 tons; price, \$12.43; value, \$797,077.

Tobacco—Acreage, 1,208; yield, 784.3 pounds; production, 947,399 pounds; price, 12.8 cents; value, \$121,597.

Cotton—Acreage, 36,012; yield, 181.9 pounds; production, 13,677 bales; price, 12.2 cents pound; value, \$797,841.

Sugar beets—Acreage, 577; yield, 10.11 tons; production, 584 tons; price, \$5.90 ton; value, \$34,420.

## Land Office Changes Policy

In a decision just rendered by the Interior Department, the policy of the Department in dealing with locators on mining claims has been completely reversed. The decision was rendered in the case of J. P. Nichols and C. Y. Smith, involving a mineral claim in Oregon, the parties mentioned appealing from the decision of the General Land Office August 29, 1912, holding as null and void their placer location known as Meadows and Meadows No. 2 claim, within the limits of the Wallowa national forest, and declares that the policy followed by the land department since the decision in the Yard case, which was rendered several years since, is entirely indefensible, and that it will not be followed in the future. It further holds that a mineral location gives a locator or association of persons the right of possession indefinitely, so long as the laws relating to a mineral location are complied with. It further decides that the locators of mineral claims have the right of possession as against the Government or an individual. All disputes between rival claimants for the possession of the land must be settled by the courts and not by the local land offices.

The Yard decision held that mineral locations made by persons associated together, and transferred to an individual corporation before discovery, was invalid, except as to twenty acres that one individual or corporation might hold. It further decided that a mineral location made prior to discovery was invalid.

## Maps of the Oil Fields

One of the most complete maps of the Midway-Sunset oil fields has been prepared by J. R. Thornton, civil engineer and surveyor, of Bakersfield. The map shows the companies operating in the district, the number of wells, the various pipe lines for oil and gas, and a vast amount of other information. The map is in reality an encyclopaedia of the district named, wherein one can ascertain at a glance just what is desired. Mr. Thornton has also completed maps of the McKittrick-Belridge field, Lost Hills, Devil's Den field and the Kern River field, and is now at work on a map of the Coalinga field. These maps are in two designs—one in the shape of a wall map, the other as a folding pocket map.

## Millions in Grapes

Grape growers of Fresno, Kings and Tulare counties realized \$3,000,000 from their crop of Emperor and Malaga grapes this year, 2293 cars of grapes having been shipped to Eastern markets from Fresno County and 362 cars from Tulare and Kings Counties, making a total of 2655 cars from the district. The average price per car of grapes was about \$1200. Deducting the cost of about \$500, the margin to growers is practically \$700 a car. With this basis the farmers of the section cited cleared about \$1,858,500 on the 1913 crop.

## Dry Lands Subject to Entry

Under the enlarged homestead act, Secretary Lane has designated 1,750,000 acres of dry lands in western States for entry. Under the order 35,000 acres are set apart in Arizona.

## Big Estate Waiting a Boy

Property worth \$60,000, the estate of Elias Olinghouse, a Nevada pioneer, who passed away this week at Reno, awaits the finding of his orphaned grand nephew, Paul Olinghouse, a boy of 13, whose address is unknown.

## Bond Issue to Build Homes

Many of the financial houses located in New York, Boston, Chicago and other cities have now one or more offerings of Canadian securities in their investment lists, says a Toronto dispatch. These include municipal, industrial and public utility bonds. A rather interesting feature is the recent issue of bonds for homes and schools in Canada, the latter especially constituting a large item.

"Get cheap houses for your working men before you get manufacturers," continues the dispatch, was the advice to western Canadian cities by T. H. Mawson, the town planner, and he could have given the same message to the Dominion at large, for homes are at a premium. The province of Ontario realized this and passed an act by which an incorporated company, formed for the purpose of acquiring lands in or near a city or town for the purpose of building dwelling houses of a moderate size, to be rented at moderate rents, may petition the municipal council to guarantee its bonds, debenture or other securities up to 85 per cent of the amount required for the purpose.

In Toronto during 1912 residences of all descriptions to the aggregate of 6,497 were built; and the city council, taking advantage of this legislation, guaranteed the bonds of the Toronto Housing Company to the extent of \$850,000. Hamilton council is likely to be asked to guarantee \$500,000, and the finance committee of Guelph has taken the matter up and it is likely that such a housing company will be formed there. To provide schools many bond issues have already been made, the largest issues being:

	Amount.	Rate.	Maturity
Edmonton, Alta.	\$1,250,000	5	1923
Calgary, Alta.	1,000,000	5	1923
Regina, Sask.	400,000	5	1923

Winnipeg, Manitoba, is to vote this month on an issue of \$1,000,000 for the erection and furnishing of school houses within Winnipeg School District No. 1, and the Protestant school commissioners, Montreal, have petitioned the Quebec Legislature for permission to borrow \$1,000,000. There have also been many issues for the same purpose ranging from \$10,000 to \$100,000, particularly in western Canada. United States investors have acquired large blocks of these bonds.

## About the Country Banker

In a letter printed in an eastern financial journal, the president of a city bank pays this tribute to the country banker and the influence he exerts in a community, for all kinds of problems are constantly presented to him for solution, which include business, politics and religion. Here is what the city banker says:

"I notice that you refer to the city bankers as the leading citizens of the United States, and I want to take exception with you. I am a city banker myself, but I consider that the really great bankers are they who live in the country. In their communities they are real leaders among the business men, and their advice is sought and taken. In fact, in the business circles of the small towns the banker is practically the dictator, and I am thankful to say he uses that power and ability for the betterment of the community in which he lives. Frequently he becomes wealthy, but nearly always by absolutely legitimate means.

"In the city the really great leaders in the business life are the men who are at the head of the big industrial corporations, the leading merchants, engineers, etc. They do not come to us for advice; they make of us simply a convenience. We loan them money. They come to us and present their statements showing their condition. If they are entitled to the money, we loan it; if not, we refuse it. Usually their statement warrants their having the money, and they get it. What ability does that require? Very ordinary, indeed—simply the ability to know whether the man's business warrants a loan; and it requires a very ordinary amount of intelligence to do that.

"How different it is with the country bankers. No business man in that community does anything that amounts to anything without first asking the banker's advice. The banker looks into the whole proposition and then gives his advice. Rarely, if ever, does the other go contrary to the advice given by the banker. In social circles, as well as in business circles, he is always looked to as a prominent member of the community. His wife, too, holds an important place. Between them they dominate the country community, both business and socially, whereas in the business and social life of the city the banker is only one of many thousands. This is true not alone here, but in every city in the country. So if you seek to pick out the great bankers of the nation, you must go to the country for them.

"As a matter of fact, most big city bankers were country bankers once themselves. In fact, it was because they were prominent as bankers in the smaller communities, and exhibited real ability, that they were, in many cases, asked by the big city banks to join their staff."

## Union Pacific Earnings

For the year ending June 30, 1913, the Union Pacific earned 15.14 per cent for its \$216,645,800 common stock, against 13.87 per cent in the previous year. There were no issues of stock or bonds during the year. The only change in investment account was the purchase of \$5,940,000 six per cent general mortgage bonds of the Chicago and Alton. The profit and loss surplus, as of June 30, 1913, was \$151,153,000, against \$194,224,000 in the previous year, due to the setting aside of a reserve of \$50,000,000 against actual and possible depreciation of equipment now in use to accord with Interstate Commerce Commission requirements.

## New York Stock Exchange Seats

Two seats on the New York Stock Exchange were sold Thursday at \$41,000, and a third at \$40,500. The last previous sale was made at \$40,000. Clarence M. Cohen sold to W. Ledyard Thompson; Homer A. Lattin to Edward K. Cook, and the estate of Edward I. Smith to Edward K. Cook. Edmund S. Burke, Jr., and Louis Haight were elected members.

## Government Owned Postal Cars

Practical trial of government ownership of railway mail cars is proposed in a bill introduced by the House Postoffice and Postroads Committee. The measure would appropriate \$100,000 to be used by the Postmaster-General in buying and operating a number of cars as an experiment.

## New Oil Company Incorporated

The Southern California Oil Company, of Los Angeles, has been incorporated with a capital of \$1,000,000. The incorporators are L. E. de Salier, F. W. Cole and A. G. Schick.

## THE MARKETS

NEW YORK, Jan. 8.—Five cars navel sold. Market steady. Cloudy. NAVELS. Golden Pheasant, Ind. Ft. Co. ... \$1.95. Sunbow ... 1.70. Gold Buckle, R.H. E. High ... 3.10. Chimes, C. C. Lindsay ... 2.05. Euclid, Growers Ft. Co. ... 2.45. Uplanders, Growers Ft. Co. ... 2.45.

Boston Market. BOSTON, Jan. 8.—Three cars oranges sold. Clear and cold. Market doing better. NAVELS. Gold Buckle, R.H. E. High ... \$3.25. Camelia, Red, M.O.A. ... 2.00. Sunflower, O'Neill Ft. Co. ... 2.30. Blossom, Red, M.O.A. ... 1.75.

## LOS ANGELES PRODUCE MARKET

There has been a decrease in the price of hay through all varieties, owing mostly to the fact that green feed is again an important market factor, and that dealers are all unloading their stock on hand as rapidly as possible in order not to carry heavy surplus. Alfalfa is selling at an average of \$14 a ton, some extra fancy going at \$15.50, while the poor grade goes at \$12. Wheat hay of the very best quality is worth \$16.50, while barley hay is bringing a trifle more. Oat hay is the highest priced of any, selling at about \$18 to \$20 a ton. There have been no recent changes in the grain and flour market, most all varieties of cereals and products holding steady.

Eggs are going back up. The two days of low prices caused a tremendous retail buying, which immediately cleaned up all fresh stock obtainable. The present advance will enable the dealers to sell off the final remnants of the storage season at a good profit. The price of closing yesterday was 39 cents, and receipts for the day were 205 cases.

The call for butter was good, but not of sufficient volume to overcome the heavy receipts, and also the arrival of considerable country butter on the market within the past week.

Books and Magazines. Bring us your old Magazines and let us bind them into a beautiful set of new books. They will be books that your children will read with pleasure and profit. The magazine of today becomes history tomorrow—a record and mirror of current events of past days, years and decades. Also bring us the old books you love and let us rebind them for you. Prices and work guaranteed. REGISTER PUBLISHING CO. Take a stenotypy course at the Orange County Business College.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

NOTICE FOR PUBLICATION OF TIME FOR PROVING WILL, ETC.

In the Superior Court of the County of Orange, State of California. In the Matter of the Estate of Carrie Van Brunt, deceased. Notice is hereby given that Friday, the 23rd day of January, 1914, at 10 o'clock A. M. of said day, at the Court Room of Department No. 1 of this Court, in the City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for hearing the application of Emma Southard and Lulu Hancock praying that a document now on file in this Court, purporting to be a duly authenticated copy of the last Will and Testament of the said deceased, be admitted to probate, that Letters of Administration with Will annexed be issued thereon to them, at which time and place all persons interested therein may appear and contest the same. Dated Jan. 8, 1914.

W. B. WILLIAMS, County Clerk. WILL A. CHAMBERLIN, Attorney for Petitioners.

## NOTICE TO CREDITORS

Estate of J. Howard Bell, deceased. Notice is hereby given by the undersigned administratrix of the estate of J. Howard Bell, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit the same with the necessary vouchers, within ten months after the first publication of this notice which publication was first made on the 31st day of December, 1913, to the said administratrix, at the office of Charles H. Stanley, attorney at law, Opera House Block, Santa Ana, California, which office is hereby designated as the place for the transaction of the business of said estate.

Dated this 31st day of December, A. D. 1913. MARY LEWIS BELL, Administratrix of the Estate of J. Howard Bell, deceased. CHARLES H. STANLEY and E. L. LANGLEY, Attorneys for Administratrix. Santa Ana, California.

## SUMMONS

(No. 6099) Action Brought in the Superior Court of the County of Orange, State of California, and the Complaint filed in the office of the Clerk of said County of Orange. L. M. Hartwick, Keech & Davis, Attorneys for Plaintiff.

In the Superior Court of the County of Orange, State of California. F. J. Gardner, Plaintiff, vs. Edward M. McKinsey, Grace E. McKinsey, W. F. Harris, John Doe and Jane Roe, Defendants.

The People of the State of California send Greeting to Edward M. McKinsey, Grace E. McKinsey, W. F. Harris, John Doe and Jane Roe, defendants. You are hereby directed to appear and answer the Complaint in an action entitled as above, brought against you in the Superior Court of the County of Orange, State of California, within ten days after the service on you of this Summons, if served within this County; or within thirty days if served elsewhere. And you are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract, or he will apply to the Court for any other relief demanded in the complaint.

Given under my hand and the seal of the Superior Court of the County of Orange, State of California, the 28th day of November, A. D. 1913.

(Seal) W. B. WILLIAMS, Clerk. L. M. HARTWICK, KEECH & DAVIS, Attorneys for Plaintiff.

## NOTICE TO CREDITORS

Estate of William McKinney, deceased. Notice is hereby given by the undersigned, T. A. Winbiger, administrator with the will annexed, of the estate of William McKinney, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit the same with the necessary vouchers, within ten months after the first publication of this notice (which publication was first made on the 19th day of December, 1913), to the said administrator with the will annexed, at the office of Milne & Winbiger, at 609 North Main Street, in the City of Santa Ana, County of Orange, State of California, which is hereby designated as the place of business of said estate in the County of Orange.

Dated this 19th day of December, A. D. 1913.

T. A. WINBIGER, Administrator with the Will Annexed of the Estate of William McKinney, deceased. WILLIAMS & RUTAN, Attorneys for Administrator.

IMPRESS on the young man who is burning the candle at both ends and who is spending his big salary as fast as he makes it the VALUE OF A BANK ACCOUNT. Start him on the RIGHT ROAD today. If he is not hopeless he at once will see the error of his ways. The opening of a bank account has put a stop to many a youth's wild desire to be a HIGH FLIER.

## NOTICE OF SALE OF REAL ESTATE AT PRIVATE SALE

In the Superior Court of the State of California, for the County of Los Angeles, No. 2387.  
In the Matter of the Estate of Emma Lanphier, etc., deceased. Notice is hereby given that in pursuance of an order of the Superior Court of the State of California in and for the County of Los Angeles, made in the above entitled Court on the 22nd day of December, 1913, the undersigned, administrator of the estate of said deceased, will sell the hereinafter described real property on or after the 15th day of January, 1914, at private sale to the highest and best bidder, upon the terms and conditions hereinafter stated, and subject to confirmation of said Superior Court. Said real property is situated in the County of Orange, State of California, and is more particularly described as follows, to-wit:  
Lot 8 in Block "A" of Beach's Addition to Orange, as per map recorded in Book 6, Page 287, of Miscellaneous Records of the County of Los Angeles, California, which said real property is situated in the County of Orange, County of Orange, State of California.  
Also that certain real property situated in the County of Orange, County of Orange, State of California, and is more particularly described as follows, to-wit: The North 20.25 feet of the South 45.5 feet of Lots 12 and 14 in Block "B" of the Town of Orange, as per map recorded in Book 2, Pages 639 and 641, of Miscellaneous Records of the County of Los Angeles, State of California, reserving therefrom a private right-of-way 10 feet wide along and within the east line thereof, and including with this property a private right-of-way for ingress and egress along and within the East line of said Lot 13 in said block, from the property herein described to the Plaza.  
The terms of such sale shall be cash, lawful money of the United States, payable upon confirmation of sale. Bids will be received for all or any of the parcels of real estate above described. All bids must be in writing, and will be received at No. 211 West Chapman Avenue, in the City of Orange, California, which said place is hereby designated as the said administrator's office, and will be received at any time prior to the first publication of this notice and prior to the date of sale of said property. Each bid must be accompanied by cash, or a certified check for at least ten per cent of the amount of the bid, on some responsible bank in the State of California, as a guarantee that the bidder will complete the purchase of said property upon the terms and conditions herein set forth, should the sale of said property, or any portion thereof, be made to such bidder and confirmed by the Court. In case of refusal to so complete such purchase, such check shall be cashed by said administrator and the proceeds thereof shall be retained by him for said estate as liquidated damages. Should such purchase be completed and confirmed, the amount of said check shall be applied on and as a part of the purchase price. All checks presented by unsuccessful bidders shall be returned to them respectively.  
Dated this 27th day of December, 1913.  
Administrator of the Estate of Emma Lanphier, etc., deceased.  
PERCY HIGHT,  
Attorney for said Administrator.

NOTICE FOR PUBLICATION OF TIME FOR PROVING WILL, ETC.  
In the Superior Court of the County of Orange, State of California, in and for the County of Orange, California, in the Matter of the Estate of Abel S. Dunham, deceased.  
Notice is hereby given that Friday, the 22nd day of January, 1914, at 10 o'clock a. m. of said day, at the Court Room of Department No. 1 of this Court, in the City of Santa Ana, County of Orange, State of California, will be heard and appointed as the time and place for hearing the application of Jacob Fisher praying that a decree be made appointing him as executor of the said deceased, be admitted to probate, that Letters Testamentary be issued thereon to Jacob Fisher at which time and place all persons interested therein may appear and contest the same.  
Dated January 6, 1914.  
W. E. WILLIAMS, County Clerk.  
By J. M. BACKS, Deputy.

## Start Right!

1 acres, seeded to alfalfa, house, barn, chicken houses, family fruit, flowing well, horse, cow, chickens, dog, cat, everything goes for \$2500. \$500 down. Owner hurt by auto and is anxious to sell. YOUR chance to get what you are looking for.

2 houses on one lot, very best location as to closeness and high class neighborhood. Bungalow is new and large house is a 7 room modern, one garage, and desirable. Both rent for \$40 per month, and can be had at \$4800 and less if taken at once.

10 acres for a nice home. 6.5 acres in apricots and walnuts. Balance has been in beans and citrus. Good alfalfa land, a sandy loam. Water, plenty of it from the neighbors. 75c an hour of 100 inches. Near highway. If adjoining places, no better, run from \$700 to \$900 per acre what do you think of \$5000 for this place, and take some of the trade?

3 acres of walnuts on east 17th that can be bought right at \$10,500. How many acres on 17th can you get as low as \$1300 per acre?

We have 11 acres near Anaheim in peaches, plums, etc., interset with walnuts; water and barn, \$4000 trade and \$4000 cash. Talk with us about investing in \$45 land, Fresno. Also for orange, lemon, walnut, alfalfa lands, houses, etc.

Buxton Realty Exchange  
"Where the little Model Farm is in the Window."

## Look Here

We have the best buy in Orange county. 12 acre full bearing walnut grove, between Tustin and Santa Ana. Can show net returns of 10 per cent on price of \$18,000.

Some fine young lemon and orange groves, and old ones, too. Have property that will bear investigation. Call for prices and terms.

## PRIZE ORANGE GROVE

The finest grove for the price in Orange county. An open challenge to anybody. About 10 acres, frostless as any section. Protection from storms unexcelled. Soil as fine as our state affords, fully watered. Stocked. 1 1/2 acres lemons, balance Valencia, all uniform and 7 years old. The product of most skillful and modern methods in citrus growing. Present crop estimated eight to ten thousand dollars. Adorned with one of the most palatial 6-room homes one could wish to see, artistically arranged to consume little orchard space. Barn, garage, oil tanks, in fact every accessory needful to a modern orange grove.

Federals Loading Trains in Mexico City for Advance on Rebels

The troops of Dictator Huerta have been hurried toward the north of Mexico for more than a month in an effort to prepare for the march of Pancho Villa, the conqueror of Chihuahua. Almost every day trains have

been loaded with provisions and troops for some point in the north where the stand to intercept Villa will be made. The ex-bandit, who took Juarez, on the American border, without much trouble, and then went on into Chi-

huahua, one of the richest cities of the country, where he met with no resistance at all, has delayed his promised march toward Mexico City. By the time he is ready the troops of Huerta will be scattered along his route ready to make a fight.

## WHAT IS DOING ABROAD

(By Ed. L. Keen, London Correspondent United Press)

BERLIN, Jan. 9.—Is there an American millionaire with the beauty of an Apollo, the intellect of a Socrates, the strength of a Samson or Jim Jeffries, the restless energy of a Roosevelt or Emperor William, and other necessary "physical constitutional requirements" who wants to help improve the race by becoming one of the founders of a new Garden of Eden? The "Mittgart Bund" of Germany is looking for such a man. As a reward he can be one of the first "Adams" in the new Eden and have ten or more "Eves"—one at a time. Each union will be only a "trial marriage" lasting from three months to one year.

The Mittgart Society is looking for a place to locate its "human garden" where it can rear a race of children unsurpassed for beauty, strength, intellect and wisdom, who are to become the regenerating elements of the human race and the hope of the world. The society also is looking for a philanthropist to finance the "Garden." Starting out originally with the in-

tention of establishing its "breeding farm" in Germany for the "rearing of noble human beings" to first regenerate the German race, the society is now casting its eyes toward the new world for an ideal spot and an ideal financier. The old world doesn't want to be regenerated. The Mittgart Bund was organized some time ago by several Germans headed by Dr. Willibald Hentschel, of Dresden, who in all seriousness conceived the idea that places must be established whereby a course of selectivity, human beings may be bred and reared like fine horses, to furnish regenerating and renewing elements which alone can check the steady deterioration and degeneration of the human race.

Two curses rest upon the human race, according to Mittgart ideas—modern city life and modern marriage. The first devours the best that is in men and women, therefore the "Human Garden" will be a farming community to give the new race a start under proper conditions. The second is claimed brings into life much that is worthless, useless and destructive, and hinders the race from reaching its highest development as shown by prisons, insane asylums and the idle rich. The average modern wedlock is characterized as a "crime against humanity; immoral through and through." The racial decline, it is stated in the Mittgart literature, is less apparent in physical deterioration as in the "degeneration of honor, morals, duty, modesty, self-control, co-operation, truthfulness and fidelity." It is claimed that in the last analysis the greater part of the misery on earth today is traceable to modern wedded life. Many children by one wife is characterized as nothing short of "murdering the race." The Mittgartists are not against the Roosevelt theory but advocate another route to reach the same and they say "racially far better results." This plan is many children by many wives.

Little Mary—"Anty Drudge, I told my mama about Fels-Naptha Soap, and she tried it last Monday for her washing. She says it's fine, and she's glad that I learn such useful things at school."

Anty Drudge—"I am glad that you remembered what I told you. Tell your mama that Fels-Naptha is just as good for all other kinds of work as it is for washing. And tell her she ought to be very proud of such a clever little daughter."

Save your strength; save your time; save doctors' bills and coal or gas bills; save your clothes. You can do all this if you use Fels-Naptha Soap for your housework and washing.

Fels-Naptha works best in cool or lukewarm water.

For house-cleaning it is the greatest help a woman can have.

For use every day in the year for all kinds of work. Full directions on the Red and Green Wrapper. Better buy Fels-Naptha by the box or carton.  
Fels & Co. Philadelphia.

has not yet been possible," said Dr. Hentschel. "We lack the necessary finances. We have now about 100 members. We have sent representatives to Sweden and to Argentina, but the reports are not encouraging for such a colony as we plan. There is no lack of men with great qualifications. The problem is the money question."

More difficult still is the question of women. Only a few, courageous and independent of view and judgment, have joined us so far. An offer of land for the human garden in California might be looked upon with favor.

Wonderful Cough Remedy  
Dr. King's New Discovery is known everywhere as the remedy which will surely stop a cough or cold. Dr. P. Lawton of Edison, Tenn., writes: "Dr. King's New Discovery is the most wonderful cough, cold and throat and lung medicine I ever sold in my store. It can't be beat. It sells without any trouble at all. It needs no guarantee." This is true, because Dr. King's New Discovery will relieve the most obstinate of coughs and colds. Lung troubles quickly helped by its use. You should keep a bottle in the house at all times for all the members of the family. 50c and \$1.00. All druggists or by mail. H. E. Bucklen & Co.
